REPORT OF THE CITY ADMINISTRATOR

City Administrator Mike Herring reported that bids were recently sought for the purchase of two, 2.5 ton trucks, with dump bodies, snow plows and salt spreaders. Based upon a review of information provided by Public Works Director/City Engineer Brian McGownd, Mr. Herring joined with him in recommending award of a contract to F&C Truck Sales and Services, Inc., in an amount not to exceed \$199,684. While this total is \$684.00 over the amount contained within the FY2009 Budget, Staff has confirmed that savings realized in the purchase of other vehicles/equipment, within this account, will more than cover this "overage". In addition, Mr. McGownd has confirmed that, when the existing trucks are sold at auction, we will obtain approximately \$12,000 - \$16,000 per vehicle, in return. Councilmember Flachsbart made a motion, seconded by Councilmember Casey, to award a contract to F&C Truck Sales and Services, Inc., in an amount not to exceed \$199,684. A voice vote was taken with a unanimous affirmative result and the motion was declared passed.

Councilmember Erickson announced that he received many compliments from the residents regarding the City's great snow removal job during the last storm and asked that Mr. Herring convey this information to everyone involved.

Mr. Herring next reported that bids were recently sought for the purchase of two, 19,500 pound GVW trucks, with dump bodies, snow plows and salt spreaders. Based upon a review of information provided by Public Works Director/City Engineer Brian McGownd, Mr. Herring joined with him in recommending award of a contract to F&C Truck Sales and Services, Inc., in an amount not to exceed \$132,152, for the purchase of these two vehicles. While this total is \$11,152 over the amount contained within the FY2009 Budget, Staff has confirmed that savings realized in the purchase of other vehicles/equipment, within this account, will more than cover this "overage." Councilmember Casey made a motion, seconded by Councilmember Geiger, to award a contract to F&C Truck Sales and Services, Inc., in an amount not to exceed \$132,152.

Councilmember Hurt commented that in response to a question asked in the Agenda Review meeting, the Director of Planning & Public Works stated there was a slight increase in the cost of these trucks because of the new clean air standards in 2010 and Councilmember Hurt stated that he agrees with this recommendation. A voice vote was taken with a unanimous affirmative result and the motion was declared passed.

Mr. Herring next reported that Public Works Director/City Engineer Brian McGownd has received proposals from various firms regarding the provision of construction inspection services for capital projects, during 2009. The FY2009 Budget contains a total of \$200,000 for this purpose. As a result of Staff's review of these proposals, and subsequent interviews, Mr. Herring joined with Public Works Director/City Engineer Brian McGownd in recommending City Council's authorization to contract for the services of three different individuals, from the firms of Shively Geotechnical and Oates and Associates. Should the need arise, Staff is also requesting City Council authorize utilizing the firms of SCI Engineering, Geocon and Shannon and Wilson. Councilmember Flachsbart made a motion, seconded by Councilmember Casey, to approve this recommendation. A voice vote was taken with a unanimous affirmative result and the motion was declared passed.

Mr. Herring next reported that Public Works Director/City Engineer Brian McGownd has received and evaluated proposals regarding the provision of "supplemental testing services", on an as-needed basis, primarily for construction supervision and/or testing services, when City Staff is not otherwise available. Mr. Herring next reported that proposals were sought and evaluated by Staff, regarding this year's "pyrotechnic display" at our upcoming 4th of July Celebration. Based upon a review of information provided by Director of Parks and Recreation Darren Dunkle, Mr. Herring joined with him in recommending award of a contract to Lantis Fireworks and Lasers, in an amount not to exceed \$50,000, which is the amount contained within the FY2009 Budget. Councilmember Hurt made a motion, seconded by Councilmember Flachsbart, to amend Bill No. 2668, Section 2, to add the language presented by City Attorney Rob Heggie at the end of Section 2, to read as follows: "Persons keeping farm animals, including horses, donkeys, mules, cows, pigs (including pot-bellied pigs), chicken hens and other fowl and poultry on property less than two acres, but more than one acre, as of February 2, 2009, shall be permitted to keep raising said farm animals on their property that is greater than one acre in size. All persons who begin to raise or keep said farm animals after February 2, 2009 shall do so exclusively on property of at least two acres in size." Councilmember Casey stated that in the twenty year history of the City, this ordinance did not exist and it has created some isolated situations in lots of less than one acre. Councilmember Casey stated that the Public Health & Safety Committee agreed with the one-acre exemption and then the two-acre exemption was added at the second reading of Bill No. 2668. Councilmember Casey stated that he thinks Councilmember Hurt's motion "accomplishes both goals." Councilmember Erickson noted that he is in favor of the amendment. Councilmember Geiger asked Mr. Heggie if his language excludes roosters and Mr. Heggie said it does not exclude roosters on lots that are two acres or larger. Discussion ensued about further amending the ordinance to include roosters, as well as the application of subdivision indentures to control this situation, with no further action being taken. Mr. Heggie next discussed those who would be grand-fathered under this ordinance, as well as the enforcement of this ordinance.
