At its last meeting the Commission prioritized activities and identified a potential traffic problem on Olive Boulevard at its intersection with Creve Coeur Mill Road, due to the opening of the new gambling casino in Maryland Heights.

Public Health and Safety Committee

Councilmember Linda Tilley, Chairperson of the Public Health and Safety Committee, reported that Bill Nos. 1351 and 1352 will be read for the second time under the Legislation portion of the agenda.

REPORT OF THE CITY ADMINISTRATOR

City Administrator Mike Herring reported that it would be necessary to adopt Resolution No. 219 which authorizes an extension of the existing contract with the Chesterfield Community Development Corporation for the services of Mr. Lee McKinney. The rate of compensation for these services remains at \$3,500/month and is funded totally from proceeds generated by the Valley TIF District. He noted that the CCDC has already voted to approve another six month extension to this contract. A motion was made by Councilmember Hilbert, seconded by Councilmember Hurt to adopt Resolution No. 219. A voice vote was taken with a unanimous affirmative result and the motion was declared passed.

Mr. Herring next reported that through the years, the lease for the Police Department facilities has been negotiated to increase the square footage from 6,000 sq. ft. to 9,000 sq. ft while keeping the lease payment at \$36,000/year. The original lease was scheduled to expire 12/31/96. Chief Johnson and Mr. Herring negotiated an extension for calendar 1997 which would recognize the fact that the Police Department now occupies a total of 9,000 sq. ft. The lessor agreed to the annual lease from \$36,000 to \$40,000 which translates to a sq. ft. rate of \$4.44. Not wanting to get caught short, especially given the uncertain nature of when/if a City Hall/Police facility would be constructed, they approached the owners of this property with regard to the possibility of multiple year extension to the current lease, while maintaining the City's ability to cancel the lease at any time, assuming a new municipal building is constructed during the term of the lease. This multi-year agreement carries the Police Department through December 31, 2000. For calendar year 2000 the annual cost would increase to only \$48,600, which translates to a rate of \$5.40/sq. ft. Mr. Herring noted that the lease form has been reviewed/approved by City Attorney Doug Beach. A motion was made by Councilmember Flachsbarth, seconded by Councilmember Grosser, to grant Mr. Herring authorization to execute the multi-year lease agreement for the Police Department facilities. A voice vote was taken with a unanimous affirmative result and the motion was declared passed.

Mr. Herring next reported that bids were recently sought for 1997 projects involving the construction of handicapped access ramps at a variety of locations throughout the City. These construction projects are funded entirely by a Community Development Block Grant, totaling \$54,327. The low bid submitted by Schuster Engineering, Inc. equals \$45,329. However, it is the recommendation of Mr. Herring that the contract with Schuster Engineering be extended at the unit pricing contained within their bid to total the amount of the CDBG funds not to exceed \$54,327. A motion was made by Councilmember Politte, seconded by Councilmember Cullen, to approve the bid submitted by Schuster Engineering in an amount not to exceed \$54,327 for the construction of handicapped access ramps at various locations within the City. A voice vote was taken with a unanimous affirmative result and the motion was declared passed.

Mr. Herring next reported that he and Director of Public Works/City Engineer Mike Geisel are proposing that Sunrise Asphalt receive the contract for asphalt overlays during the 1997 construction season. The Budget for 1997 contains an appropriation of \$100,000 for this purpose. Sunrise Asphalt received the contract for asphalt overlays during 1996. This company has agreed to extend the 1996 pricing for asphalt material and placement into the

upcoming 1997 construction season. Mr. Geisel noted that this appears very much in the best interest of the City and would certainly save significant administrative time in not having to prepare bid specifications and contract documents. A motion was made by Councilmember Politte, seconded by Councilmember Grosser, to approve an amendment to the current contract with Sunrise Asphalt in an amount not to exceed \$100,000, at the same unit prices contained within the 1996 contract. A voice vote was taken with a unanimous affirmative result and the motion was declared passed.

Mr. Herring next reported that Director of Public Works/City Engineer Mike Geisel and he are recommending approval of a change order with Gershenson Construction Company, Inc. regarding the Sunbridge Stormwater Improvements project. The original contract for this project totaled \$126,155.50 and this change order would total \$37,364.90. Assistant City Engineer Bonnie Hubert and Mr. Geisel note that this change order appears to be warranted and appropriate. The cost for this project will be funded from the current Capital Projects Fund, which contains \$200,000. A motion was made by Councilmember Hilbert, seconded by Councilmember Politte, to approve the change order for the Sunbridge Stormwater Improvements project in the amount of \$37,364.90. A voice vote was taken with a unanimous affirmative result and the motion was declared passed.

Councilmember Flachsbart urged for reconsideration of adding the March 17 and April 16 City Council meeting dates to the calendar. City Attorney Beach noted that a motion to reconsider must be made by a person who voted negatively when the first vote was taken. A motion was made by Councilmember Politte, seconded by Councilmember Flachsbart, to add April 16 as a Council meeting date to the calendar and delete the April 7 and April 24 meeting dates.
