REPORT OF THE CITY ADMINISTATOR

City Administrator Mike Herring reported that bids were recently sought for the unloading and delivery of deicing salt. The City of Chesterfield manages this contract for approximately 35 other cities, in the metropolitan area. Based upon his review of the information provided to him, Mr. Herring joined with Director of Public Works/City Engineer Mike Geisel in recommending award of a contract to Beelman River Terminals, for the same rates as were in effect, last year. The rate for Chesterfield is \$7.96/ton. A motion was made by Councilmember Casey, seconded by Councilmember Flachsbart, to award a contract to Beelman River Terminals, at a rate of \$7.96/ton. A voice vote was taken with a unanimous affirmative result and the motion was declared passed.

Mr. Herring next recommended approval of Resolution No. 342, which would authorize the St. Louis County Industrial Development Authority to serve as the City's Industrial Development Authority (IDA), in consideration of a proposal submitted by Brooking Park and the Willows at Brooking Park, for the issuance of Industrial Development Revenue Bonds, to finance a proposed expansion at those facilities. Since the project in question is located within the City Limits, the St. Louis County IDA needs to secure approval from City Council, prior to proceeding with final consideration. Mr. Herring noted that Brooking Park and the Willows at Brooking Park will be required to secure zoning approval, as necessary, for any construction on site, which will be funded by these IDA bonds. The City of Chesterfield has, on numerous occasions in the past, approved similar requests. In doing so, the City assumes no financial or legal liability for this debt. Councilmember Flachsbart made a motion, seconded by Councilmember Durrell, to approve Resolution No. 342. A voice vote was taken with a unanimous affirmative result and the motion was declared passed.

NEW BUSINESS
