Tony Zafiroopoulos, who resides at 1418 Woodbridge Crossing Drive, spoke about a mailing he received regarding the City’s retirement plan. Mayor Nations stated that the City contributes 8% of an employee’s salary into a defined contribution plan and no matching is required by the employee. Mayor Nations added that the City offers employees a deferred compensation plan in which they can contribute up to \$14,000 annually, pre-tax; and after age 50, an employee can contribute an additional \$2,000 annually. Mayor Nations noted that City Council funded a study, over the past 12-13 months, for a professional consultant, CBIZ, to review the City’s retirement plan. Mayor Nations stated that the City Council voted August 1 to upgrade the retirement plan to provide more services to the employees, including individualized financial advice. Mayor Nations said the management of the retirement funds will be transferred from Manulife and ICMA to The Hartford Insurance Company. Mayor Nations concluded by stating that City Council had previously voted to approve enhancements to the retirement

plan, as recommended by the consultant, including lowering the vesting requirement, from 7 years to 5 years and lowering the retirement age, from 59 ½ to 55 years.

Mary B. Schultz, attorney representing Wild Horse Executive Center, supported Bill No. 2359 (P.Z. 13-2004, Vision Ventures LLC and Plan Provision LLC (Wild Horse Executive Center LLC). (Ms. Schultz provided two handouts to the Mayor and City Council: comments from Steve Kling and a site location map.) Ms. Schultz stated there are two items on Page 2 of the “green sheet” that should be changed: Open Space and Floor Area Ratio and should be calculated for the entirety of the subject property and the area to the north of the 140’ rear setback should not be excluded. Ms. Schultz stated that any development below the 50,000 square foot compromise of the Planning and Zoning Committee would be unacceptable to the petitioner. Mayor Nations stated that P.Z. 13-2004 would not be voted on at tonight’s Council meeting and stated that some of the delays in the past 15 months have been at the request of the petitioner. City Attorney Beach stated that the City has never been provided information to quantify what is “economically feasible” for this project.

Mayor Nations asked Mr. Hall, on behalf of the developer, if he would support all commercial development if it were limited to Phase Two. Tom Hall, architect, supported Bill No. 2359 (P.Z. 13-2004, Vision Ventures LLC and Plan Provision LLC (Wild Horse Executive Center LLC).

Bill Kirchoff, who resides at 17627 Wild Horse Creek Road, supported Bill No. 2359 (P.Z. 13-2004, Vision Ventures LLC and Plan Provision LLC (Wild Horse Executive Center LLC).

Mr. Mayer reported that they conducted polls and surveys that indicated 75% of the residents said the “retirement plan” was an important issue and that residents supported providing good pay and benefits to Police Officers. Mr. Mayer

requested that the Public Safety Committee consider a defined benefit plan or authorize a vote of the people on this matter. Mayor Nations asked Mr. Mayer if the Fraternal Order of Police paid for the mailing of a brochure that was sent to many Chesterfield residents, from a “Committee for a Safe Chesterfield”. Mr. Mayer responded that the Fraternal Order of Police had paid for the mailing. City Attorney Beach asked Mr. Mayer to give a copy of the survey results, that he had previously referenced, to the Deputy City Clerk. Councilmember Fults thanked Mr. Herring for his efforts to address the various “retirement plan” issues that had been of concern to employees. However, she suggested that additional discussion be held to resolve the “defined benefit” issue.

Robert Bohm, who resides at 61 Glen Cove, expressed concern that Police Officers would leave the City because of the City’s retirement plan and that would hurt the citizens. Councilmember Flachsbart pointed out that only three Officers, from a total of 93 employees within the Police Department, had left the City, during the past year and that none had left to become Police Officers elsewhere. He also noted that over 100 applications are received whenever a vacancy exists within the Police Department. He commented that the City provides an excellent “retirement” benefit, which is much higher than the private sector would normally provide. He noted that “defined benefit” plans are very risky and create significant funding problems for organizations or businesses.
