Based upon review of the information provided to him by Deputy Director of Public Works Brian McGownd, Mr. Herring joined with Mr. McGownd in recommending award of a contract to Horner and Shifrin, Inc., in an amount not to exceed \$200,000, for engineering design and construction supervision of a thru-levee, gravity outfall structure, as described above. The total cost of the contract will be funded by the TIF fund. Mr. Herring next reported that bids were recently sought for sanitary sewer lateral investigations and repairs, for a three-year period, from 2006 through 2008. Based upon

the information and recommendation provided by Mr. McGownd, Mr. Herring joined with him in recommending award of a contract to Tope, Inc., for the above-noted services, over the next three-year period. Additionally, he joined with Mr. McGownd in recommending that Bi-State Utilities, Inc. be accepted and designated as the “secondary contractor”, for this project, should the workload exceed Tope’s capabilities, or if Tope, Inc. is unable to fulfill the requirements of this contract. Councilmember Flachsbart made a motion, seconded by Councilmember Casey, to award a contract to Tope, Inc., for the above-noted services, over the next three-year period and that Bi-State Utilities, Inc. be accepted and designated as the “secondary contractor”, as noted above. Mr. Herring next reported that bids were recently sought for the July 4, 2006 fireworks display to be sponsored by the City of Chesterfield. Having reviewed the information provided to him by Director of Public Works/City Engineer Mike Geisel, Mr. Herring joined with him in recommending award of a contract to Fireworks Spectacular (Sunset Fireworks), in an amount not to exceed \$45,000. Adequate funds exist within the proposed F.Y. 2006 Parks Fund Budget to cover this entire expense. Mr. Herring next reported that Lifeguards Unlimited recently concluded its first year of a potentially three-year contract, in a very successful manner. As a result, Mr. Geisel is recommending that the City exercise its option to extend the current contract for one (1) additional year, to include the entire 2006 swimming season, at a total cost not to exceed \$225,000. He noted that this amount is included within the proposed F.Y. 2006 Budget, under the Parks Fund, and, coupled with cost savings projected by Staff, will enable the City to offer one (1) additional hour of swimming, during the evenings, Monday through Friday, during the upcoming pool season. Mr. Herring next reported that, at the suggestion of Director of Finance Jeremy Craig, the City began two years ago to seek competitive bids for phone services, every two years. Given the changing nature of this technology, it is in the City’s best interest to do this. For example, when the City last sought competitive bids and awarded a contract to MCI, a savings of approximately 10% over the previous year’s charges was realized. Along with members of the IT staff, Director of Finance and Administration Jeremy Craig reviewed the three (3) bids that were submitted. The current contract expires 12/01/05. As a result of bids received, Mr. Herring recommends that the bid submitted by MCI be accepted. MCI was the low bidder and, as noted above, is the current provider of these services. MCI’s bid was \$2,928.90 per month. Councilmember Casey made a motion, seconded by Councilmember Geiger, to enter into a contract with MCI to provide phone

services to the City at a cost of \$2,928.90 per month for a two-year period. A voice vote was taken with a unanimous affirmative result and the motion was declared passed.
