Invite new County historian Danny Gonzales, to speak as a community event at City Hall in the Chambers. Subject: History of the City County relationship. Joseph Conway Junior's involvement with City County separation. Invite public and other historical societies. We need to find a date, distribute a flyer to other historical societies.

Amy Nassif asked for input on the Historic Interpretive Sign Mock up which has been submitted by developer of the Mary Schaeffer farmstead: Bur Oaks.

Suggestions: Enlarge photos to fill the space. Include picture of the homestead. Request photo from Jesse Francis. Change title of the sign to 'what was here before'. This area had been part of the Spanish Land Grant/ Spanish Land Grant map could be included per Michael Kane. There was discussion that there may be some Indian Village Shots.

Second hand file cabinet is needed. Ann and George will transfer all of family interview materials into the file cabinet.

Tom and Michael committed to half day going through contents of boxes in History Closet to discard useless items.

Bricks and Rocks from demolition of old Bonhomme School House on Conway take up lots of space in our storage room. Perhaps we give them to Veterans Memorial Committee for incorporation into pavement.
