APPROVAL OF THE MINUTES:

A motion to approve the minutes of December 9, 1996 and December 16, 1996 was made by Commissioner Layton and was seconded by Commissioner McCarthy.

Commissioner Grant asked for clarification on the December 16, 1996 Minutes, page 6, Condition 7.a.(4) - he wanted to ask Staff to make sure that this condition was going to require that development to have the proposed MSD regulations, as they were that night of the meeting.

Assistant Director Griggs-McElhanon noted that Opus has withdrawn their proposal. She noted that the next time this comes up he may be able to get that wording, if possible, on this condition.

Commissioner Broemmer noted the Minutes of December 16, 1996, need to be revised on page 6 to add the name of the person who made the motion of approval for P.Z. 22-90.

The motion, as amended, **passes by a voice vote of 7 to 0 to 1, with Commissioner Eifler abstaining.**

Partnership;** "NU" Non-Urban District to "R-3" 10,000 square foot Residence District; east side of Olive Boulevard, approximately 1,500 feet south of the intersection of Olive Boulevard and White Road and on the west side of White Road approximately 1,000 feet south of the intersection of Olive Boulevard and White Road.

Assistant Director Griggs-McElhanon noted the Department received a copy of the Traffic Study on Thursday. The Study has been forwarded copies to the Public Works Department, St. Louis County Department of Highways and Traffic and MoDOT. The Department recommends P.Z. 26 & P.Z. 27-96 be held, in order to give the Department time to evaluate the resulting comments.

4. Mr. Michael J. Doster, Attorney for the petitioner, 16476 Chesterfield Airport Road, Chesterfield, MO 63005, spoke in favor of P.Z. 34-96 Old Smoke House Investment Group, noting the following:
- name of the proposed development has been changed to Chesterfield Grove;
 - on the face of City Ordinances, the legal precondition for using a "C-8" does not exist at the proposed development's location;
 - the uses proposed in the "C-3" category do not have a potential for conflict with surrounding uses;
 - although, legally, the City may not be able to require it, the petitioner is willing to voluntarily pay the Trust Fund Fees to St. Louis County both for the roads and utilities, and will give a letter to the City acknowledging this.

NEW BUSINESS CONTINUED:

COMMENTS/DISCUSSION BY COMMISSION

- Discussion about Mr. Doster's comments regarding the appropriateness of "C-3" Zoning at this location.
- The Department's recommendation includes uses allowed in a "C-3" District, except there would be restrictions relative to height, setbacks, etc.

- If the "C-8" Zoning is approved, the petitioner would have to come back to the Planning Commission with Site Development Concept Plans and Site Development Section Plans.
- The "C-3" Zoning would also require the petitioner to come before the Commission with a Site Plan, Architectural Elevations, Landscaping, etc. They would skip the Concept Plan requirement.
- The "C-8" requires the petitioner to submit preliminary plans to the Department to make sure it meets minimum requirements for a "C-8" Zoning, and then it just goes in the file. It doesn't have to come before the Commission, nor get recorded.
- The various roadways surrounding the subject site were discussed.
