ABSENT

Ms. Stephanie

Ms. Rachel Nolen

II. INVOCATION: Commissioner Kodner

III. PLEDGE OF ALLEGIANCE: All

Chairman Broemmer recognized the attendance of Councilmember Dan Hurt (Ward III), Councilmember Charlie Scheidt (Ward IV) and Council Liaison Jane Durrell (Ward I).

IV. PUBLIC HEARINGS:

Commissioner Banks read the first portion of the "Opening Comments."

A. P.Z. 13-2001 City of Chesterfield; A proposal to amend Section 1003.140 "PC" Planned Commercial District of the City of Chesterfield Zoning Ordinance to include performance standards for retail uses.

Senior Planner Barbara Weigel gave an overview of this petition. Ms. Weigel stated that the purposes of this ordinance amendment are to:

1. Control the overall density of a particular site while allowing for some flexibility in building design on the site;
2. Guide development in such a way as to meet community-wide objectives for providing for adequate open space, parking that meets retail demand and managing development that is compatible and coherent with adjoining land uses.

Ms. Weigel stated that these proposed standards are consistent with those of seven (7) nearby communities.

SPEAKERS IN FAVOR –

1. Ms. Mary Purvines, 16863 Chesterfield Bluffs Circle, Chesterfield, MO 63005, speaking in favor of P.Z. 13-2001 City of Chesterfield;

· Speaker stated that she has reservations about the building height. Speaker stated that she has concerns when an arbitrary standard is set without regard to the topography of the land in question or the layout of the adjoining parcels. Speaker stated that there are locations where a 3-story or 5-story structure might be acceptable or desirable. Speaker stated that an example is that her home is located on the Bluffs overlooking Chesterfield Commons. She would have preferred to overlook onto several multi-story buildings than the massive retail center.

SPEAKERS IN OPPOSITION – None

SPEAKERS – NEUTRAL – None

COMMENTS/DISCUSSION

Commissioner Wardlaw questioned whether the word ‘adjacent’ should be inserted after the word ‘development’ in (2) Setback Requirements, (b), (c), (d).

Commissioner Banks stated that some R-1, R1A and R-2 (which are now E-1, E-2 and E-3 districts) designations still exist.

Director of Planning Teresa Price stated that she would discuss this with City Attorney Doug Beach.

Commissioner Banks read the next portion of the “Opening Comments.”

B. P.Z. 14-2001 Valley Partners; a request for a change of zoning from “C-8” Planned Commercial District to “PC” Planned Commercial District for 15.841 acres of land located north of Chesterfield Airport Road across from Public Works Drive. (Locator Number 17U52-0016).

A. Primary Land Uses in this Development:

- (h) Barber shops and beauty parlors.
- (i) Bookstores.
- (o) Dry cleaning drop-off and pick-up stations.
- (s) Financial institutions.
- (v) Hotels and motels.
- (x) Medical and dental offices.
- (z) Offices or office buildings.
- (ff) Recreational facilities, indoor and illuminated outdoor facilities, including swimming pools, golf courses, golf practice driving ranges, tennis courts, and gymnasiums, and indoor theaters, including drive-in theaters..
- (gg) Research facilities, professional and scientific laboratories, including photographic processing laboratories used in conjunction therewith.
- (hh) Restaurants, fast food
- (ii) Restaurants, sit down
- (kk) Sales, rental, and leasing of new and used vehicles, including automobiles, trucks, trailers, construction equipment, agricultural equipment, and boats, as well as associated repairs and necessary outdoor storage of said vehicles.
- (ll) Sales, servicing, repairing, cleaning, renting, leasing, and necessary outdoor storage of equipment and vehicles used by business, industry, and agriculture.
- (mm) Schools for business, professional, or technical training, but not including outdoor areas for driving or heavy equipment training.
- (nn) Service facilities, studios, or work areas for antique salespersons, artists, candy makers, craftpersons, dressmakers, tailors, music teachers, dance teachers, typists, and stenographers, including cabinet makers, film processors, fishing tackle and bait shops, and souvenir sales. Goods and services associated with these uses may be sold or provided directly to the public on the premises.
- (rr) Stores, shops, markets, service facilities, and automatic vending facilities in which goods or services of any kind, including indoor sale of motor vehicles, are being offered for sale or hire to the general public on the premises.

B. Ancillary Land Uses in this Development:

- (l) Cafeterias for employees and guests only.
 - (m) Child care centers, nursery schools, and day nurseries.
- (cc) Parking areas, including garages, for automobiles, but not including any sales of automobiles, or the storage of wrecked or otherwise damaged and immobilized automotive vehicles for a period in excess of seventy-two (72) hours.
- (uu) Vehicle repair facilities for automobiles.
- (vv) Vehicle service centers for automobiles.
- (ww) Vehicle washing facilities for automobiles.

Project Planner Matt Brandmeyer gave a slide presentation of the subject site and surrounding area.

1. Mr. John King, 168 N. Meramec, Clayton, MO 63105, attorney for P.Z. 14-2001 Valley Partners;

- Tract of land is 15.8 acres in size;
- Rezoning from C-8 to 'PC' Planned Commercial;
- Proposed developments would include
- Extended Stay America Hotel in the northwest corner with 104 rooms,
- 2 office buildings in the middle of the site – 2-story, 31,000 square feet and 2-story, 40,000 square feet
- 3 restaurants – 1 sit-down restaurant and 2 fast-food restaurants
- 2 buildings for automotive sales: One building would be for a Rolls Royce/Bentley dealership. Cars would be displayed outside during the day and moved inside the building during the night. The other building for automotive sales would be for a comparable type automobile that would sell automobiles for a minimum of \$300,000 and up, like the Rolls Royce/Bentley dealership. There are 30 Rolls Royce/Bentley dealerships in the country. Service on cars at this location only, no body work.

2. Ms. Julie Nolfo, Crawford, Bunte, Brammeier, traffic engineer for P.Z. 14-2001 Valley Partners;

- Speaker stated that she based her findings on a worst case scenario for the development and stated that during peak hours the development would generate approximately 500 to 600 trips. Approximately 400 trips would be new to the road system taking into account the fast-food restaurants and sit-down restaurant.
- Speaker stated that the proposed access from the site to Chesterfield Airport Road is directly opposite Public Works Drive. Cross access would be provided to the west and to the east;
- Speaker stated that the Master Plan calls for the 3-lane road to be widened to 5 lanes. The pavement width would accommodate this. The Master Plan also identified this as a highly probable location for a traffic signal. With the road widened and the traffic signal, this area would operate at a level of service 'B' or better during the peak hours. The southbound traffic (the private driveway) would have the longest wait, then Public Works Drive and Chesterfield Airport Road;
- Speaker stated that if Wehrenberg would become the theater, the cross access would have to move to the northern end of the site. Speaker stated that cross access on the south side would be too close to Chesterfield Airport Road.

3. Mr. Thomas Walker, 510 Redondo Drive, Chesterfield, MO 63017, petitioner for P.Z. 14-2001 Valley Partners;

- Speaker stated that he was present to answer questions.

REBUTTAL – None

Mr. Brandmeyer stated that the following issues would be reviewed and addressed:

- Ø Circulation and traffic;
- Ø Access from Chesterfield Airport Road onto the site;
- Ø View with other projects on both sides of the road for a considerable distance to see the alignment;
- Ø Floor area ratio and green space ratios;
- Ø Pedestrian walkways from the office buildings and hotels to the restaurants;
- Ø Access with public transportation;
- Ø Visual look from Highway 40.

Chairman Broemmer stated that P.Z. 14-2001 Valley Partners would go to the Architectural Review Board (ARB) for review of circulation and compatibility of elevations with the proposed Bentley/Rolls Royce building with the hotel and fast foods.

Commissioner Right read the closing portion of the Opening Comments.
