PUBLIC HEARINGS: Commissioner Yaffe read the "Opening Comments."

- A. **P.Z. 7-96 Lawrence & Therese Mintz;** a request for a Commercial Service Procedure in the "NU" Non-Urban District for a 1.2 acre tract of land located on the north side of Wild Horse Creek Road, approximately five hundred feet west of the intersection of Wild Horse Creek Road and Wild Horse Parkway. Proposed Use: Office (Locator No. 18V230078)

SPEAKERS - NEUTRAL:

1. Mr. Ralph Severson, 17665 Wild Horse Creek Road, spoke as an individual.

3. Dr. T. Korakianitis, 27 Chesterfield Lakes, Chesterfield, MO 63005, spoke on behalf of Citizens for Responsible Growth.

Acting Director Laura Griggs-McElhanon noted the following policies/procedures followed regarding notification of public hearings:

The City is required by law to publish public hearings in the legal newspaper. We also publish notices in the Journal newspapers received by all residents of Chesterfield free of charge, twice a week. The Mintz property was posted with a 3' x 3' sign. The policy approved by the Planning and Zoning Committee of Council is for notification on public hearings such as rezonings, in addition to property owners within 200', a notice is sent to Trustee's of subdivisions within one (1) mile when the petition property is not located within a subdivision. The Mintz property was not located within a subdivision, therefore we sent

notices to trustees of subdivisions within one (1) mile, and Chesterfield Lakes Subdivision was well outside of the required one (1) mile radius. Relative to Comprehensive Plan notifications - it has not been the policy of the Department, nor do we have a policy adopted by the Planning and Zoning Committee, about notification for revisions to the Comprehensive Plan. We publish the hearing notice in the newspapers just like we do rezoning petitions. The West Area Study Committee directed the Planning Department to send notices to the property owners within the "Office Campus" designated area, which we did. The Department currently has a process in place in which several residents and businesses provide Staff with self-addressed, stamped envelopes in which to send them notices of public hearings and/or Commission meeting agendas.

REBUTTAL:

Mr. Mintz noted the following:

- the sign will be no larger than 18" high by 24" wide;
- there will be no parking of vehicles, either trucks or cars, on the site overnight;
- sharing the driveway with Dr. Conway might be complicated; and
- parking can be put behind the property, but he thought placement of the driveway further away from the Chesterfield Elementary School would be the better plan.

Mr. Mintz then read into the record a letter from neighbors living directly west of the subject site (Mr. & Mrs. Glaser) expressing their support of the proposed petition.

Commissioner Yaffe read the final portion of the "Opening Comments" for P.Z. 7-96, and the "Opening Comments" for the Comprehensive Plan Update.

- B. Comprehensive Plan Update;** proposed revisions concerning text relative to the Office Campus designation located on Wild Horse Creek Road.

Acting Director Laura Griggs-McElhanon read the memorandum which summarized the proposed Comprehensive Plan Amendment. She noted the Department will present issues at the next Commission meeting on April 22, 1996.

Comments by Commissioners:

1. define "low-rise," (i.e., 1 story, 2 stories, 3 stories, actual height, etc.);

2. maintain a residential look for office-type use utilizing landscaping, parking structures, etc. and
3. the Department was requested to bring photos of two (2) specific sites which were provided as "Office Campus" development examples for the West Area Study Committee.
