V. APPROVAL OF MEETING MINUTES

A motion to **approve** the April 12, 1999 Meeting Minutes was made by Commissioner Broemmer and seconded by Commissioner Layton. The motion **passes by a voice vote of 9 to 0**.

VI. PUBLIC COMMENT:

1. Ms. S. Wilson, 844 Nardin Road, Chesterfield, MO 63017, spoke concerning the zoning process,
 - Speaker had a question about the statement at the end of the agenda that reads: "...such other matters as may be presented at the meeting and determined to be appropriate for discussion at that time." Ms. Wilson asked if items which are not on the agenda may be introduced.

City Attorney Doug Beach stated that this is an identification that there may be items that arise between the time that the agenda is published and the meeting. The Sunshine Law states that agendas must be published at least 24 hours prior to a meeting. An item, of emergency nature, may need to be on the agenda to be discussed but not necessarily voted on. City Attorney Beach would decide whether or not action or discussion of the item would violate the Sunshine Law. If it would, the item would be placed on the next agenda.

Chairman Grant stated that Ms. Wilson could bring up items under the Public Comment portion of the meeting.

Commissioner Sherman commended Mr. and Mrs. Wilson for their interest in coming to the Planning Commission meetings and asking questions.

Chairman Grant stated that citizens are encouraged to attend the Planning Commission meetings.

VII. NEW BUSINESS

- A. **P.Z. 04-1999 City of Chesterfield;** a proposal to amend Sections 1003.020 Definitions; 1003.030 Establishment of districts; zoning map; 1003.040 Interpretation and extension of district boundaries; 1003.101 "FP" Floodplain District Regulations; 1003.105 "NU" Non-Urban District Regulations; 1003.108 "E-2" Residence District; 1003.109 "E-3" Residence District; 1003.110 through 1003.125 governing Urban Residence Districts; 1003.133 through 1003.145 Commercial District regulations; 1003.150 through 1003.155 Industrial District regulations; 1003.157 "MXD" Mixed Use Development district; 1003.165 Off-street parking and loading requirements - General; 1003.166 Review and approval of development near City or County parks; 1003.167 Miscellaneous Regulations; 1003.168 Sign Regulations - General; 1003.168C Sign Regulations - Permanent Signs; 1003.168D Sign Regulations - Temporary Signs and Attention Getting

Devices; 1003.168F Sign Regulations - Nonconforming Signs; 1003.178 Development in Planned Commercial and Planned Industrial Districts; 1003.181 Conditional Use Permit Procedure (CUP); 1003.182 Commercial Service Procedure (CSP); 1003.187 Planned environment unit procedure (PEU); and a proposal to delete section 1003.168A Sign Regulations - Definitions of the City of Chesterfield Zoning Ordinance.

Planner I Molly Butler-Dunham stated that two (2) major changes have occurred in the Zoning Amendments since the last time it was presented to the Planning Commission. Many definitions have been added or changed at the request of the Planning Commission. The "SR" Senior Residence District has been added. The "SR" District gives flexibility for developers and also the City to offer several different types of housing at various densities and levels of care. This allows the blending of different types of senior care with different types of neighboring uses. The definition changes were mostly at the request of the Planning Commission. Definitions have been added for different types of plans and senior housing. The Department recommends approval of all of the proposed changes.

Commissioner Eifler asked how the density would be controlled in the new "SR" Senior Residence District.

Ms. Butler-Dunham stated that it would be controlled much like the Planned Commercial (PC) or Planned Industrial (PI) Planned districts. The purpose of the new district was to allow for new types of senior housing that are just coming into existence; i.e. assisted living, different types of continuing care that have some independent living, some assisted living and some nursing care. It was not the intent to change the existing nursing home uses that are allowed.

Director of Planning Teresa Price stated that information is still included in the "NU" Non-Urban District. There can still be "NU" development if the development meets all of the "NU" guidelines. Staff asks developers to rezone if they can not meet the guidelines.

City Attorney Beach stated that the City has not been able to rezone all "NU" Non-Urbans as a one-step effort. The "NU" Non-Urban language needs to remain until they are all rezoned.

Director of Planning Price stated that what has been left and deleted out have been Conditional Use Permits (CUP's) because they trigger a developer to get out of the "NU" Non-Urban.

Commissioner Broemmer made a motion to **approve** P.Z. 04-1999 City of Chesterfield. The motion was seconded by Commissioner Right.

Upon a roll call, the vote was as follows: Commissioner Eifler, yes; Commissioner Layton, yes; Commissioner Macaluso, yes; Commissioner Nolen, yes; Commissioner Right, yes; Commissioner Sherman, yes; Commissioner Yaffe, yes; Commissioner Broemmer, yes; Chairman Grant, yes.
