## COMMITTEE REPORTS

### A. Ordinance Review Committee

Committee Chair Brown reported that the Ordinance Review Committee met on April 28. Most of the discussion focused on finalizing our freestanding monument sign regulations. The meeting with community representatives will be May 26.

### B. Architectural Review Committee

Committee Chair O'Brien reported that the Committee met on April 23, and continued discussion of the Draft Design Guidelines. The next meeting will be to discuss the process by which these Design Guidelines are implemented in our architectural review process. The date for this upcoming meeting has yet to be determined.

Commissioner Kirchoff noted that the Committee's reference to utilization of brick on the rear of buildings referred only to residences backing up to a subdivision street.

### C. Site Plan/Landscape Committee

Senior Planner Laura Griggs-McElhanon handed out the current draft guidelines.

Committee Chair Kirchoff reported that the Committee met April 30. Draft policies will be presented at the next Planning Commission meeting on May 27. In the near future, the Committee will be discussing additional phases of Landscape Policies and Naturescaping.

Senior Planner Laura Griggs-McElhanon reminded the Commission of the May 16 Naturescaping Symposium at Meramec College.

D. Comprehensive Plan Committee

Chairman Domahidy noted the summary of the meeting presented to the Commission. She further noted that the Committee met to take up comments brought forward from the last meeting. The Committee will meet at a date/time to be decided by Committee Chair McGuinness and Director Jerry Duepner.

E. Procedures Committee - No Report

Commission Chairman Domahidy noted that she will ask Commissioner Scruggs to Chair the Nominating Committee.

Commissioner Kirchoff stated concern relative to the letter requiring vehicles for sale being parked on private property. He suggested that this policy would not work well in the non-urban areas, as most have a single lane driveway, thus requiring constant shifting of vehicles for access to and from property.

The meeting adjourned at 9:05 P.M.
