Proposed Uses:

Project Planner Mike Hurlbert gave a slide presentation of the subject site and surrounding area.

1. Mr. Todd Scheibe, 10849 Indian Head Industrial Boulevard, St. Louis, MO 63132, engineer for P.Z. 16-2001 Coventry Farm, Second Addition and P.Z. 17-2001 Coventry Farm, Second Addition;

- Rezoning from NU to R-3 with a PEU and is compatible with the area;
- Developer is Miceli Construction Company;
- Site is 3.84 acres but will be 3.75 acres after dedication of the right-of-way for the site and Kehrs Mill Road;
- Site will be comprised of nine (9) lots;
- Minimum lot size will be approximately 11,000 square feet and the maximum lot size will be approximately 14,000 square feet;
- A 30-foot wide landscape buffer has been proposed along side lot 1 for additional screening and privacy for the proposed development;
- Developer is proposing continuing the street through Coventry Farm Addition through the proposed site to the north towards the Kehrs Mill Bend Subdivision;
- There is a small strip of common ground and easement on the north side of the right-of-way of the Coventry Farms Addition road. The plan for that subdivision stated that the strip of ground was "to be dedicated to the City of Chesterfield on demand for lots or additional right-of-way." Petitioner is requesting that this strip be used for Kehrs Mill Road dedication, added into front yards for some of the proposed yards and common ground access;

- Grading on the proposed site will be kept at a minimum to just allow the building pads, the existing street extension and the required storm water detention facility;
- A Tree Stand Delineation has been performed on the tract. The results are shown on the preliminary plan. Mr. Skip Kincaid, a registered arborist, determined that the proposed grading activities will allow for the preservation of 30.7% of existing woodland;
- The proposed on-site detention basin will be designed per City of Chesterfield and MSD criteria to detain the excess run-off due to the development of the houses.

Commissioner Nolen asked the petitioner to make sure that the existing home on the site is secured and the grass is kept cut.
