- C. Memorandum from the Director of Planning forwarding action from the Planning and Zoning Committee for a public hearing on revising Zoning Regulations relative to outdoor advertising signs.

Commissioner Bly left the meeting at this time.

Director Duepner noted the Planning and Zoning Committee requested that the Planning Commission hold a public hearing to consider amendments to the Zoning Ordinance, specifically as they relate to establishing criteria for outdoor advertising signs. He noted that the Comprehensive Plan Committee of the Planning Commission will have a public hearing on amendment to the Comprehensive Plan that deals with the issue of signage along the I-64 Corridor and State Highways at the meeting on June 26, 1995.

A motion to direct the Department to set this public hearing was made by Commissioner McCarthy, seconded by Commissioner Kirchoff and passes by a voice vote of 7 to 0.

Commissioner Bly returned to the meeting at this time.

Chairman McGuinness inquired regarding the Political Sign public hearing last meeting.

Director Duepner noted the following:

This issue is not on the agenda. There was recently a decision handed down by the Missouri Supreme Court on a case that was heard in Gladstone, Missouri which struck down sections of their political sign regulations in their zoning ordinance (i.e., deals with number and size of signs, as well as the time period in which they may be erected and time period in which they have to be removed). The Department is working with the City Attorney to obtain a copy of these proceedings, and will bring this matter back before the Commission once we find out what the Court decided, since we may have to make some other revisions to our regulations relative to political signs.

- D. **Comprehensive Plan Committee - No Report**

- F. **Appointment of Nominating Committee**

Committee Chairman Casey stated he would do so.

Chairman McGuinness asked Director Duepner to state the possible change of policy regarding the petitions sent by the Commission to Council which sometimes may, or may not, stop at the Planning and Zoning Committee of Council.

Director Duepner asked the Chair of the Nominating Committee, Mr. Casey, to advise the Department as to when he wants to have a meeting so the Department may post notice at the government center and reserve a room for this use.

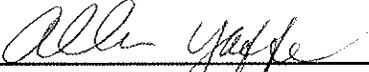

Director Duepner noted the following:

As noted by Chairman McGuinness, the Planning and Zoning Committee at its last meeting acted on a proposed policy which would forward any item from the Planning Commission having a unanimous recommendation straight to the City Council. It would not, as in the past, go through the Planning and Zoning Committee. As part of that same policy the Committee also indicated that any Councilmember may request the item be referred back to the Planning and Zoning Committee up to the time of City Council action. Items would go from the Planning Commission directly to Council within one (1) week. This policy has to be voted on by the full Council at the June 19, 1995 meeting. Director Duepner will report back to the Commission on the action taken by Council on this matter.

Chairman McGuinness introduced Mr. ^{BOO} Allen Grant, Planning Commission designee.

Director Duepner, on behalf of himself and members of staff, noted our appreciation to Ms. Domahidy and Mr. Kirchoff for all their hard work, we enjoyed working with them and wish them well.
