PLEDGE OF ALLEGIANCE - All

Chairman Casey recognized Mayor Jack Leonard ; Councilmember Linda Tilley (Ward IV) - Council Liaison; and Councilmember Larry Grosser (Ward II). He welcomed Mr. Dan Layton, our newest Commissioner.

PUBLIC HEARINGS: **Commissioner Layton read the "Opening Comments."**

- A. **P.Z. 13-96 A & O Investments, Ltd. (Marriott Courtyard)**; a request for a change in zoning from "R-3" 10,000 square foot Residence District to "C-8" Planned Commercial District and an amendment to St. Louis County Ordinance Number 12,561 establishing a "C-8" Planned Commercial District and an amendment to City of Chesterfield Ordinance Number 408 establishing a "C-8" Planned Commercial District for a 2.9 acre tract located at the northwest corner of the intersection of Chesterfield Parkway North and Conway Road. Proposed Uses: Hotel with accessory uses and a free-standing restaurant. (Locator Numbers: 18S33-0702, 18S33-0711, 18S33-0731, 18S33-0621, 18S33-0632, 18S33-0533

and 18S33-0698)

Director Jerry Kelley gave a slide presentation of the subject site and surrounding area.

Mr. R. Clark Amos spoke on behalf of A & O Investments, Ltd., noting the proposal is for Fairfield Suites, to be managed by Marriott. Mr. Jim Otis answered questions regarding the proposed lighting for the project. Mr. Amos gave handouts depicting a four (4) story hotel (representative of what is being proposed) to the Planning Commissioners, noting the petitioners have not decided on which restaurant will be built on the site. He further noted the restaurant would not be owned by Marriott, or affiliated with Marriott in any way; it would be a separately run, casual theme restaurant (similar to K.C. Masterpiece in terms of table service, waiters, upscale, nicely done, food oriented versus bar oriented business).

Councilmember Tilley, on behalf of Councilmember Larry Grosser (Ward II), requested a Study be performed to determine the appropriate spot for the curb cut on the Parkway. She asked the petitioners to meet with residents of Conway Cove.

Suggestions/Concerns of Commission:

- preference for a more upscale-looking hotel (i.e., building materials, color, design, etc.);
- preference for either a three-story or two-story hotel, in lieu of the proposed four-story structure;
- impact of twenty-five (25) foot pole lighting upon the residential area in close proximity to the proposed development;
- hours of operation of proposed restaurant;
- preference for a family-type restaurant; and
- preference for additional islands in parking lot.

Director Kelley noted that staff will address the issue of the Urban Core, as described in the City's Comprehensive Plan, in its report to the Commission.

SPEAKERS IN FAVOR: - None

SPEAKERS IN OPPOSITION:

1. Mr. Mel Sands, 34 Conway Cove Drive, Chesterfield, MO 63017, spoke as an individual. Mr. Sands gave a handout to the Commission of a letter signed by owners of Conway Cove in which they expressed their concerns, objections and suggestions regarding the proposed development.

Assistant Director Laura Griggs-McElhanon noted the "C-8" zoning fronts Conway Road, and the proposed restaurant is closer to the Parkway.

2. Patrick Nickens, 14880 Conway Road, Chesterfield, MO 63017, spoke on behalf of the residents of Highland on Conway Subdivision. He asked why the first public hearing was

postponed for this petition.

City Attorney Doug Beach inquired about a sign indicating forty-five (45) acres for sale within the Highland on Conway Subdivision.

Mr. Nickens noted that one (1) person has purchased several properties, and has accumulated enough acreage, according to the Subdivision By-Laws, to enable him to do as he wishes with the land.

Assistant Director Laura Griggs-McElhanon noted that when the Residence Inn property was rezoned, it included property currently located on the opposite side of the detention basin. The ordinance that governs both parcels allowed a hotel, offices, a restaurant and accessory uses. They were allowed a hotel with a maximum of 104 rooms. In addition, they could have an office building or freestanding restaurant. The portion of current proposal fronting on Conway Road is zoned "C-8."

Chairman Casey asked Ms. Griggs-McElhanon to explain why the petition was postponed.

Assistant Director Laura Griggs-McElhanon noted one of the reasons for the postponement was a revision of their request. The original request was for a hotel only, and the petitioner added a restaurant to the proposal. The public hearing had not been advertised to include a restaurant and, therefore, it had to be postponed. The Department wrote "postponed" on all posted public hearing signs/notices.

City Attorney Beach noted that in 1985, St. Louis County approved the restaurant via Ordinance No. 12,561.

Assistant Director Laura Griggs-McElhanon noted the Ordinance requires a maximum for the office building of 17,200 square feet, but the restaurant was to be as approved on the Site Plan by the Planning Commission.

City Attorney Beach noted that current zoning allows the petitioner to place a restaurant on that site.

Assistant Director Laura Griggs-McElhanon noted access to that parcel would have been from the existing curb cut to the Residence Inn, and they are allowed one (1) curb cut per the Ordinance.

3. Ms. Kim Stinnett, 58 Conway Cove, Chesterfield, MO 63017, spoke as an individual.
4. Ms. Janet Church, 15080 Conway, Chesterfield, MO 63017, spoke as an individual.

SPEAKERS - NEUTRAL: - None

Chairman Casey summarized the issues/concerns for Mr. Amos to address:

- petitioner is requested to meet with the Conway Cove Condominium owners;
- address traffic concerns;
- most of the buildings in the surrounding area are brick;
- the Fairfield could become obsolete; and
- limit the hotel to two (2) stories.

REBUTTAL:

Mr. R. Clark Amos stated his rebuttal.

- Curb cuts are controlled by St. Louis County;
- will meet with Conway Cove residents;
- lighting will be governed by Chesterfield standards;
- doesn't agree that \$70.00 per night is on the low end of the scale;
- the Traffic Study will be done either by the petitioner or the City;
- Chesterfield Parkway was built to accommodate Urban-Type development;
- not completely opposed to building a brick hotel;
- there is a need in Chesterfield for a multiple-story hotel;
- the restaurant would produce more traffic, particularly during lunch and evening hours;
- most hotels built today have an interior corridor, except in resort areas;
- landscaping will far exceed what the City requires; and
- a two (2) story hotel would not be economically feasible.

Councilmember Tilley noted she doesn't believe the proposed development is appropriate in such close proximity to residential development. She further noted we should be more sensitive towards keeping developments residential in character; she doesn't believe that dryvit materials and four (4) story buildings are residential in nature, and thinks there might be some compromise on the part of the developer.

Mr. Amos noted he is not opposed to a compromise; but, in his opinion they have a very valuable piece of property, strategically located, and it is just unfortunate if you live near Chesterfield Parkway. He noted the existing Residence Inn is two (2) stories, and materials appear to be stucco, cedar boards (a residential, apartment-type project). Most of the hotels built today are made of better materials, require less maintenance, and look just as good.

Councilmember Tilley noted the proposed hotel would be twice as high as the Residence Inn.

Mr. Amos noted it would be approximately twice as high as the Residence Inn.

Commissioner Layton read the next portion of the "Opening Comments," and introduced the next public hearing - P.Z. 20-96 The Courtyard at Kehrs Mill (Hackett Custom Builders, Inc.).

Chairman Casey recessed the meeting at 8:43 p.m.

Chairman Casey reconvened the meeting at 8:51 p.m.

Commissioner McCarthy left before presentation and discussion of the next public hearing due to a conflict of interest.

- B. P.Z. 20-96 The Courtyard at Kehrs Mill (Hackett Custom Builders, Inc.); a request for a change in zoning from "NU" Non-Urban District and "FPNU" Flood Plain Non-Urban District to "R-1" One Acre Residence District and "FPR-1" Flood Plain One Acre Residence District for a 5.3 acre tract of land located on the east side of Kehrs Mill Road, approximately 500 feet south of Wildhorse Creek Road. (Locator Number 18U42-0126).

Assistant Director Laura Griggs-McElhanon gave a slide presentation of the subject site and surrounding area.

Mr. Jerry Loomis, Loomis Boulton & Pickett, spoke on behalf of the petition.

- The four (4) proposed custom homes will typically be three (3) stories.
- Prices will be approximately \$600,000.00 to \$700,000.00.
- Size will be at least 2500 square feet on the main floor, with ability to build walk-outs and a third level.

Suggestions/Concerns of Commission:

- The development is to take into consideration the new location of Kehrs Mill Road where it intersects Long Road.
- Tree line on north perimeter of the proposed development is to be retained, as much as possible.
- Efforts will be made to retain or relocate other internal trees on the site.

Commissioner Layton read the final portion of the "Opening Comments."

Commissioner McCarthy returned to the meeting at this time.
