COMMITTEE REPORTS

Comprehensive Plan Committee

Chairman McGuinness read a statement prepared by Commissioner Domahidy concerning the Policy and Issue Statements for the Comprehensive Plan.

Director Jerry Duepner presented an overview of the Draft Issue Statements and Policies of the Chesterfield Comprehensive Plan (report was given to each Commission Member). He stated that the issue statements and policies were based on the results of the workshops that were held in May and June with the members of the Citizen's Advisory Committee, and written responses submitted later by the members of the Citizen's Advisory Committee. He further stated that the document before the Commission reflects those changes from the original policies and issues that were presented at the workshops. He pointed out that italicized sections in the report represent changes that were derived from issue statements and policies presented at the workshops. He stated that, as Chairman McGuinness had indicated earlier, the Comprehensive Planning Committee met last week, and recommended some changes in the issue and policy statements, which he would go over and review with the Commission.

Discussion on the report followed. Revisions were recommended for the following: Page 6 (1.2.5); Page 16 (2.2.3); and Page 40 paragraph 1.
