PLEDGE OF ALLEGIANCE - All

PUBLIC HEARINGS - None

APPROVAL OF THE MINUTES - The Minutes were approved from July 8, 1991.

OLD BUSINESS - None

NEW BUSINESS

- A. P.Z. 8-91 Harold Arbeitman - Royal Companies; a request for a change of zoning from "M-3" Planned Industrial District to "C-8" Planned Commercial District; north side of Chesterfield Airport Road, east of Long Road.

Director Duepner presented the request and the Department's recommendation of approval subject to conditions in the Department's report and Attachment A, with the exception of Condition 5.g.(2) to read:

Evergreen Trees - four (4) feet minimum height.

COMMENTS/CONCERNS OF COMMISSION

- Chairman Domahidy inquired as to the status of the Auto Mall.
- Director Duepner responded that there has been no site development plan submitted for review, nor a request for an extension of time for submittal of a site development plan. If the time elapses, the Planning Commission could initiate a petition to rezone the property to its prior classification.
- Landscaping would be dealt with at the time of site plan submittal.

A motion was made by Commissioner Sherman to approve the petition as presented by the Planning Department and, in addition, require the petitioner to provide sidewalks along Chesterfield Airport Road. The motion was seconded by Commissioner O'Brien.

COMMENTS/CONCERNS OF COMMISSION

- According to the Comprehensive Plan, this area has been designated as "Major Retail Sidewalks should be provided for pedestrian traffic.
- Concern that the proposed free-standing sign is too large.

- For the sake of compatibility, it was suggested that the wall signs and free-standing sign be presented for review at the time of site plan submittal.
- Director Duepner noted that in order to accommodate the Commission desire for a change in the signage, as recommended in the report, an amendment to the original motion would be necessary to limit the size of the sign, and to clearly indicate to the petitioner that all signage would be submitted at the time of site development plan and building elevations review.
- The only roadway frontage for a business sign for Lou Fusz is along Highway 40, the development is not allowed to have a business sign fronting Chesterfield Airport Road. The existing entrance sign at Chesterfield Airport Road is considered to be a direction sign for which a variance was granted by the St. Louis County Board of Adjustment.
- Relative to the sidewalk, there is an intervening undeveloped parcel between the Fusz tract and the subject tract. At this point, the developer is proposing to provide sanitary sewage treatment on that site, which would require some type of easement for same.
- Signage for a "C-8" District would be of a size, type, and location as approved by the Planning Commission and the City Council. The Department recommended signage in keeping with that originally allowed on the Fusz site.
- 1. An amendment to the original motion was made by Commissioner McGuinness to change page 3, Condition 5.i. of Attachment A to delete the reference to a "free-standing sign," and replace it with a "monument sign." The motion was seconded by Commissioner O'Brien.

COMMENTS/DISCUSSION OF COMMISSION

- The Ordinance Review Committee, in its review of the Sign Regulations, expressed preference for monument type signs in prominent areas within the City.

Upon a roll call the vote was as follows: Commissioner Brown, yes; Mr. Cannon, no; Commissioner Kirchoff, no; Commissioner McGuinness, yes; Commissioner O'Brien, yes; Commissioner Scruggs, yes; Commissioner Sherman, yes; Chairman Domahidy, yes. The amendment to the original motion passed by a vote of 6 to 2.

COMMENTS/DISCUSSION OF COMMISSION

- Sidewalks could only be required along the frontage of the property along Chesterfield Airport Road.

Director Duepner stated that Condition 5.o. would be revised to indicate that a sidewalk shall be provided within the Chesterfield Airport Road right-of-way, or on the subject property adjacent to Chesterfield Road, and within the Caprice Drive easement, or on the subject property adjacent to Caprice Drive, as approved by the Planning Commission.

2. A motion to amend the original motion, as amended, to limit the size of the monument sign to fifty (50) square feet in outline area per facing, and extending no more than eight (8) feet above the elevation of the average finished ground elevation along the side of the building on the property facing the street, and that signage shall be reviewed by the Planning Commission at the time of site plan review, was made by Commissioner McGuinness. The motion was seconded by Commissioner Brown.

Upon a roll call the vote was as follows: Commissioner Brown, yes; Mr. Cannon, yes; Commissioner Kirchoff, yes; Commissioner McGuinness, yes; Commissioner O'Brien, yes; Commissioner Scruggs, yes; Commissioner Sherman, yes; Chairman Domahidy, yes. The amendment to the original motion passed by a vote of 8 to 0.

Original Motion

Upon a roll call the vote on the Original Motion for approval, as amended twice, was as follows: Commissioner Brown, yes; Mr. Cannon, yes; Commissioner Kirchoff, yes; Commissioner McGuinness, yes; Commissioner O'Brien, yes; Commissioner Scruggs, yes; Commissioner Sherman, yes; Chairman Domahidy, yes. The original motion, as amended twice, passed by a vote of 8 to 0.

Commissioner Dalton arrived at the meeting at this time.

- B. P.Z. 15 & 16-91 Premier Homes, Inc.; a request for a change of zoning from "R-3" 10,000 square foot Residence District and "R-6" 2,000 square foot Residence District to "R-4" 7,500 square foot Residence District and a Planned Environment Unit Procedure in the "R-4" 7,500 square foot Residence District; west side of Olive Boulevard, south of West Drive.

Director Duepner presented the request and the Department's recommendation to approve the request subject to conditions in Attachment A of the report, and with the addition of Condition 4.o. to read:

Provide a fifteen (15) foot wide landscape buffer along the rear portion of lots adjoining "C-8" District zoned property to the west, and a twenty (20) foot wide landscape buffer on these portion of lots adjacent to the Olive Boulevard right-of-way.

COMMENTS/DISCUSSION BY COMMISSION

- If the access at Olive Boulevard were to be terminated, this would require a cul-de-sac, of some design, within the development.
- Clarification was given regarding the sidewalk along Olive that, if required, would be in the twenty (20) foot buffer area.
- Concern was expressed about possible elimination of access to Olive.
- Concern was expressed about the possible loss of two (2) proposed lots.
- Possible use of paver blocks at one of the entrances.
- If the entrance remains from Olive Boulevard, and West Drive is relocated, there would be approximate separation of 160 feet between entrances. West Drive would have both a right-turn and left-turn lane.
- Concern about denying access to Olive to this developer, when existing developments along Olive have access at this time.
- Sullivan-Hayes tract is currently zoned "Commercial." The approved preliminary site plan for this project includes the movement of West Drive in order to obtain the proper square footage to develop the approved commercial floor area.

- If the thirty-six (36) foot access is required from Olive, it could cause a problem with a reserve strip at West Drive. The petitioner could request an amendment to reduce the size of the lots affected.
- Concern over cut-through traffic.
- It was suggested that the developer be granted the flexibility to build smaller houses.

A motion was made by Commissioner Cannon to approve the petition, as recommended by the Department. The motion was seconded by Commissioner Scruggs.

1. Commissioner McGuinness made a motion to amend the original motion as follows:

Reword Condition 4.f. to state:

The access from Olive Boulevard shall be as approved by the Missouri Highway and Transportation Department and the City of Chesterfield; and

Reword Condition 4.k. to state:

To provide one (1) stub street to the east, at West Drive, as directed by the Department of Public Works and the Department of Planning/Economic Development.

The motion was seconded by Commissioner Brown.

COMMENTS/CONCERNS OF COMMISSION

- Concern that if Olive is left open, and West relocates, Lot 1 would be sandwiched between traffic, and that the curb cuts would be too close with the amount of traffic generated from West Drive.
- It was noted that existing entrances to Hilltown are difficult to see and, therefore, could present a potential driving hazard.

Upon a roll call the vote was as follows: Commissioner Brown, yes; Mr. Cannon, yes; Commissioner Dalton, yes; Commissioner Kirchoff, no; Commissioner McGuinness, yes; Commissioner O'Brien, no; Commissioner Scruggs, no; Commissioner Sherman, no; Chairman Domahidy, no. The original motion, as amended failed by a vote of 4 to 5.

COMMENTS/CONCERNS OF COMMISSION

- Concern whether the proposed single-family development is appropriate for this site. Concern was raised about residential density in the Urban Core, between two (2) commercial developments, with no buffer.
- Concern about the appropriateness of private residential streets in the Urban Core area.
- 2. A motion to amend the original motion was made by Commissioner McGuinness for proposed right-of-way of thirty-two (32) feet. The motion died for lack of a second.

The original motion, as amended passed by a vote of 6 to 3.

5. A motion to amend the original motion, as amended, was made by Commissioner O'Brien to provide a six (6) foot high sight-proof fence adjacent to Hilltown in lieu of a landscape buffer. The motion died for lack of a second.
6. A motion to amend the original motion, as amended, was made by Commissioner O'Brien to provide a six (6) foot high sight-proof fence adjacent to Hilltown Village, with a ten (10) foot landscape buffer. COMMENTS/CONCERNS OF COMMISSION

- Concern that additional screening could be more detrimental than helpful.
