PLEDGE OF ALLEGIANCE - All

PUBLIC HEARING - Commissioner O'Brien read the opening comments.

At Chairman McGuinness' request, Director Duepner gave a summary of the "Revised Procedures" that were approved by the Planning Commission at its last meeting.

- A. P.Z. 15-90 City of Chesterfield Planning Commission; a proposal to revise the Zoning Ordinance of the City of Chesterfield by amending Section 1003.210 relative to Filing Fees for the Commercial Service Procedure.

Director Duepner presented the petition for the proposed amendment to the City of Chesterfield Zoning Ordinance, noting the following:

- The Commercial Service Procedure was adopted by the City on May 7, 1990, as a Special Procedure within zoning districts along designated arterial roadways.
- The Fee would be \$350.00, which is comparable to the Special Procedure Request for a parcel two (2) acres, or less, in size. The C.S.P. is applicable only to parcels of a maximum of two (2) acre.
- This amendment would merely clarify the fee required for the filing of a Commercial Service Procedure in our Zoning Ordinance.

- B. P.Z. 16-90 City of Chesterfield Planning Commission; a proposal to revise the Subdivision Ordinance of the City of Chesterfield by amending Section 1005.370-4 relative to Filing Fees for Inspection and Grading Permits.

Director Duepner presented the petition for the proposed amendment to the City of Chesterfield Subdivision Ordinance, noting the following:

- Currently the Subdivision Ordinance of the City indicates a charge of \$19.50 per hour for inspections performed by the Department of Public Works, in conjunction with storm sewers, streets, grading and sidewalks.
- These fees are estimated by the Department of Public Works, based upon the improvement plans submitted to that Department. The estimate allows the person requesting improvements to obtain an indication of what the cost will be, before work is commenced on the project. If the estimate is in excess of the amount necessary to perform inspections, there is a reimbursement to the developer. If the estimate is insufficient, there is a reimbursement back to the City for the excess inspection costs.

- In June 1990, the voters voted an increase of that hourly fee to \$30.00.
- The proposed amendment would merely bring the text of our Subdivision Ordinance in line with the fee approved by the voters in June.
