APPROVAL OF THE MINUTES:

A. Approval of Minutes from Meeting of September 27, 1995.

A motion to approve the minutes was made by Commissioner Kenney, seconded by Commissioner Bly and passes by a voice vote of 6 to 0.

Commissioner Dalton returned to the meeting at this time.

PUBLIC COMMENTS:

Re: P.Z. 28-95 Simon Group (Regency Estates).

1. Mr. Barry Simon (Petitioner), 445 Sheffield Ests. Drive, St. Louis, MO 63141, noted the following:
 - The petitioner does not feel it is right or reasonable for anyone to request the Simon Group to be solely responsible for fixing the existing creek in its entirety; however they will do what is reasonable.
 - The Simon Group is proposing to design a detention area on the subject site that would reduce the stormwater discharge by twenty-five percent (25%) from what is currently being discharged.
 - The Simon Group will stabilize the ground to help prevent any type of erosion that may occur at the water discharge point.
 - The petitioner is willing to record a restriction, prior to this petition going to Council, which would restrict this site to six (6) homes.
 - Trees are important to the developer, as they are marketing and selling wooded lots.
 - A landscaped area on the west portion of the subject tract is proposed to be dedicated as common ground (buffer to Conway Glen), a minimum of thirty-seven (37) feet from the subject site's curb to the rear of all properties of Conway Glen. This will be a manicured, maintained and sprinkler irrigated common ground area.
 - The existing home will remain. A common ground area to the right side of the proposed entrance will be landscaped. The average lots for both "R-1A" and "R-2" exceed 25,000 and 28,000 square feet. One (1) lot is over 60,000 square feet.
 - The proposed homes will average well over \$400,000.

2. Mr. Bill Hawn, Sterling Engineering, described the stormwater detention proposed for the subject site. The rate of water flow from the proposed site will be reduced. Additional water from Conway Glen will be detained in order to meet the total site reduction in stormwater runoff.

Re: P.Z. 26 & 27-95 L.A.C. Corp. & Schierholz Homes, Inc. (Greystone Subdivision).

3. Mr. Steve Koslovsky, 231 S. Bemiston, 8th Floor, St. Louis, MO 63105.
 - Would like condition 4.(k) eliminated from Attachment A, as part of the Commission's recommendation to City Council.

Chairman Casey recognized Councilmember Barry Streeter, Ward II.

Re: P.Z. 28-95 Simon Group (Regency Estates).

4. Mr. George Murray, 1330 Conway Oaks Drive, Chesterfield, MO 63017, did not speak, but provided a handout to the Commission.
