The motion was seconded by Acting Chairman Grant.

COMMENTS/DISCUSSION BY COMMISSION

A motion to suspend the rules to allow the representative from the engineering company, Mr. Larry Wurm, to answer questions was made by Commissioner Dalton. The motion was seconded by Commissioner Layton and **passes by a voice vote of 6 to 0.**

Mr. Wurm, James Engineering, responded as follows:

- The Knoll's, developers of the project, and George Johannes, Architect for the project, met with the Trustees of Greenfield Village, presented the site plan and architectural plan, listened to comments and, for the most part, received a favorable response.
- The developers also met with the property owners immediately to the east (George Eble) and with a resident west of the subject site, and received a favorable response.
- The project would have a buried detention system (i.e., would pipe stormwater runoff into the detention system, and then it would be piped to the closest storm sewer in the closest subdivision). This seemed to appease the neighbors, in that the project would not add anything on the ground into their subdivision.
- A storm sewer would need to be installed in public easements (i.e., some of the over growth in the rear of the properties within the easements would need to be removed). The developer is not proposing to plant any landscaping over it, other than to seed and straw the trench area where they have to make their excavation.
- The developers did not meet with trustees of Westbury Manor, as they felt this subdivision was not affected since it is located so far to the east.

The motion to approve the request failed by a voice vote of 4 to 2, with Commissioners' Broemmer and Dalton voting no.

Acting Chair Grant noted that since there are ten (10) members of the Planning Commission, six (6) members have to vote in favor of an item in order for it to pass.

IX. COMMITTEE REPORTS:

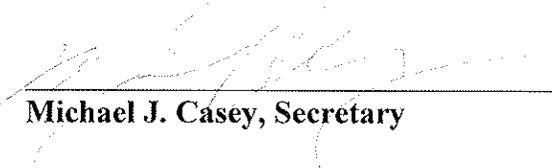

- A. Ordinance Review Committee - No report**
- B. Architectural Review Committee - No report**
- C. Site Plan/Landscape Committee - No report**
- D. Comprehensive Plan Committee**

Director Teresa Price noted the Planning and Zoning Committee is sending the Comprehensive Plan recommendations back to the Planning Commission for reconsideration/re-evaluation of two (2) items.

- E. Procedures and Planning Committee - No report.**

A motion to adjourn was made by Commissioner Layton, seconded by Commissioner Broemmer and passes by a voice vote of 6 to 0.

The meeting adjourned at 7:26 p.m.

Michael J. Casey, Secretary
