#### **VI. PUBLIC COMMENT**

Three trustees for Wild Horse Springs Subdivision signed up to make public comments on P.Z. 3 & 4-93 DCL Development Co. (Wild Horse Springs). Two of the trustees would like to combine their time and be the only speakers. The trustees gave a slide presentation showing the present site and what they are proposing to do.

1. Matt Kopsky, trustee, 244 Woodcliffe Place Drive, Chesterfield, MO 63005, provided a handout to the Planning Commission that lists six circumstances specific only to Wild Horse Springs which they believe eliminates any precedent concerns related to the proposed ordinance amendment.
2. Scott Goodman, trustee, 248 Woodcliffe Place Drive, Chesterfield, MO 63005, explained the improvements that would be necessary and the use of the proceeds from the sale of the land.

Commissioner Layton questioned the trustees as to if the property looks any different than when they purchased their homes.

Commissioner Nolen stated that the land has always been called common ground not detention basin.

Commissioner Macaluso stated that the Site Development Plan calls it common ground/detention area. It is different than just common ground. This was approved in Plat 2 and is no longer needed. This changes the whole idea of a common ground issue.

Commissioner Layton stated that the original intention was 2.4 houses per acre which is 30 houses for that development, not 31.
