* To Be Discussed at 5/4 City Council Meeting

Councilmember Brown was approved to be Council Liaison by a vote of 4 to 0.

*II. **P.Z. 10-98 General Van and Storage Company, Incorporated**; "M-3" Planned Industrial District to Planned Industrial; north side of Chesterfield Airport Road, 1,600 feet west of the intersection of Chesterfield Parkway South.

Assistant Director of Planning Laura Griggs-McElhanon described the request to modify the existing "M-3" Planned Industrial District to allow light manufacturing, warehousing and storage, office, contractor warehouse and storage facilities, in addition to the currently permitted moving and storage of household goods. In addition, the petition would change the zoning to the new "PI" Planned Industrial District.

There was general discussion of the appropriateness of light manufacturing, contractor's warehousing, and outdoor storage. It was noted by staff that Attachment A currently allows outdoor.

Steve Koslovsky, attorney for the petition, clarified the intent of the light manufacturing use requested, which would be completely internal (office machine business – leases, repairs and maintains office equipment). The petitioner has nothing in mind requiring a smokestack. Mr. Koslovsky indicated that there is a possibility of assembly going on. The petitioner wants the ability to have outdoor storage.

There was general discussion of allowable square footage, existing square footage, adding a second level into existing building, and number of buildings.

A motion to amend Attachment A, condition 1(b)(1) to restrict to only one building was made by Councilmember Streeter, seconded by Councilmember Flachsbart, and approved by a vote of 4 to 0.

A motion to amend Attachment A, condition 1(a), to delete light manufacturing was made by Councilmember Streeter, seconded by Chair Hurt, and approved by a vote of 4 to 0.

A motion to amend Attachment A to restrict the development to no outdoor storage was made by Councilmember Flachsbart, seconded by Chair Hurt, and approved by a vote of 4-0.

The petitioner was directed to talk to the City Council prior to their meeting on this petition if they wanted to have outdoor storage allowed in this development.

A motion to amend Attachment A was made by Councilmember Flachsbart and seconded by Councilmember Brown, to require the paved parking area in the rear not to be expanded by more than 5% north of north building wall, of the footprint, to add a parking structure as a permitted use, to exclude the parking structure from the maximum number of buildings permitted, and to limit the parking structure to two stories. The motion was approved by a vote of 4 to 0.

Staff was directed to incorporate these conditions within Attachment A.

A motion to approve as amended was made by Councilmember Flachsbart, seconded by Councilmember Brown, and approved by a vote of 4 to 0.

Note: Two bills relative to this matter will be needed for the May 4, 1998, City Council Meeting (one as recommended by the Planning Commission, and one as recommended by the Planning & Zoning Committee).
