ITEM #2 P.Z. 17-90 City of Chesterfield Planning Commission; a proposal to amend the Zoning Ordinance of the City of Chesterfield relative to Satellite Dishes.

Planning Specialist Kleiner presented the Planning Commission recommendation for approval.

Councilmember Hrabko questioned the requirements for satellite dishes as they apply to properties zoned "NU" Non-Urban District. He was of the opinion that on three-plus (3+) acre lots, there should not be a major concern about screening of a satellite dish. He noted that a twelve (12) foot maximum diameter should be allowed in a "NU" District, and no height restriction.

A motion was made by Councilmember Hurt for approval of the recommendation of the Planning Commission, with the revision to allow for a twelve (12) foot maximum diameter satellite dish with no height restriction for three-plus (3+) acre lots in the "NU" Non-Urban District. The motion was seconded by Councilmember Bute, and approved by a vote of 4 to 0.

Councilmember Bute requested that a copy of the ordinance, when passed by the City Council, be sent to Ms. Judy O'Connor, a Trustee of the Shenandoah Subdivision.

Note: An ordinance relative to this matter will be needed for the November 19, 1990 City Council Meeting.

ITEM #6 Correspondence from Chesterfield Fire Protection District relative to Wilson Spur Road.

Director Duepner summarized the correspondence from the Chesterfield Fire Protection District relative to comments on the Wilson Spur Extension.

Councilmember Hrabko expressed concern about the comments of the Fire District noting that at the time of the termination of the Wilson Spur, the Fire Department had not indicated that the lack of a connection was a problem. He requested that Staff be directed to send a letter to the Fire District reminding them of their prior position on the Wilson Spur.

The Committee was in agreement and instructed the Staff to forward such a letter to the Fire District.
