Director Duepner noted this matter had been the subject of a public hearing before the Planning and Zoning Committee on October 26, 1995.

Chairman Levinson recognized the petitioner, James Fahrenhorst, who indicated they now propose a building with a maximum floor area of 4500 square feet, and overall site coverage of .34.

There was discussion relative to the site plan, proposed building size and site coverage.

Councilmember Tilley addressed the Committee, noting concerns about area requirements, traffic concerns on Wild Horse Creek Road, rural setting along Wildhorse Creek Road, proposed parking which would be visible from Wild Horse Creek Road, that the development would be not in keeping with good planning practice and detrimental to planned and permitted uses in the area, and the precedent established by approval of the request.

There was discussion by the Committee relative to the appearance of the structure.

Councilmember Flachsbart addressed concerns relative to traffic, site coverage and the impact on the area and potential precedent.

A motion was made by Councilmember Hurt for **approval**, subject to a maximum building area of 4500 square feet, a maximum of 105 children, and a site coverage ratio not to exceed .34. The motion was seconded by Councilmember Levinson and **approved** by a vote of 2 to 1, with Councilmember Flachsbart voting no.

Note: Bill No. 1145 concerning rezoning of the subject site (P.Z. 23-95) should be brought forward for action. As Council has exercised review of the requested Conditional Use Permit (P.Z. 24-95), a Resolution is needed for the November 20, 1995 City Council meeting.

ADD ON #1 Revision of the Zoning and Subdivision Regulations.

Director Duepner summarized his meeting with the consultant, Lane Kendig, and noted that Mr. Kendig and he had gone through a complete draft, and Mr. Kendig will forward a draft to the City shortly.

Questions posed to the Committee from Director Duepner were the effort to continue the revisions of the Zoning and Subdivision Regulations, membership on the Steering Committee, and the effort to bring the Committee back on track and up to speed on the matter.

A motion was made by Councilmember Flachsbart and seconded by Councilmember Hurt that the effort for revision of the Zoning and Subdivision Regulations should continue. **The motion was approved by a vote of 3 to 0.**

Relative to membership on the Steering Committee, it was noted that the citizen members may need to be replaced and the Councilmembers from Wards I, II and III should be contacted on that matter. It was also agreed that Director Duepner should attempt to bring the Committee back on track and up to speed as soon as possible, and trips by Mr. Kendig should be held for later in the process when they will be needed.
