December 31, 2008

Honorable Mayor and City Councilmembers:

We are pleased to present the Fiscal Year 2009 Budget.

## **ECONOMIC OUTLOOK**

The City of Chesterfield enjoyed positive economic growth during 2008, which was due almost exclusively to the successful conclusion to litigation involving the wireless telephone industry. The economic outlook for 2009 in Chesterfield will be one of stability with moderate growth opportunities, primarily stemming from infrastructure development both in the urban core of the City and in the Chesterfield Valley. The first phase of Downtown Chesterfield became a reality in 2008 with the construction of the Central Park Square I office building, developed by Sachs Properties. Two corporate headquarters occupy the majority of the 100,000 sq. ft. facility- Abengoa Bioenergy and AEP/Memco Barge Company. With infrastructure additions of streets and utility services being added in the latter part of 2008, the site is now ready for an additional 100,000 sq. ft. office building and four retail and restaurant businesses. New home construction, while moderate, occurred in the adjacent Hayden Homes development, The Reserve at Chesterfield Village.

The west end of the Chesterfield Valley saw significant infrastructure improvements in 2008 with the addition of water and sewer services, as well as improved roadways with expanded lanes on Old Olive Boulevard and a realignment of Eatherton Road, all of which are driving growth in this area. Chesterfield Fence, Vermeer Equipment and several other mid-size businesses will expand their operations in this area in 2009. A new interchange will be constructed at Highway 40/I-64 and Spirit of St. Louis Blvd., made possible by a cooperative agreement among the City of Chesterfield, St. Louis County, MoDOT and Duke Realty, Inc., developers of the adjacent Spirit of St. Louis Corporate Center. This project will enhance the marketability of this site to large corporate users, making it a prime redevelopment use of the County's Adult Correctional Institution.

Even though the City does NOT directly benefit from the influx of new businesses, in terms of sales tax revenues, due to state law, which requires it to remain a part of the County Sales Tax Pool (see below), this growth and development, along with the continued construction of quality housing and a strong investment by the City, and others, in public infrastructure and facilities, has added dramatically to the City's overall quality of life.

While the overall economic conditions of the St. Louis metropolitan area appear to be in a downturn, Chesterfield’s unique position of being one of the few areas with available land and shovel-ready sites due to sizeable investments in infrastructure improvements. This positions us to outperform the region in the coming years.

## KEY BUDGET DECISIONS & PROCESSES

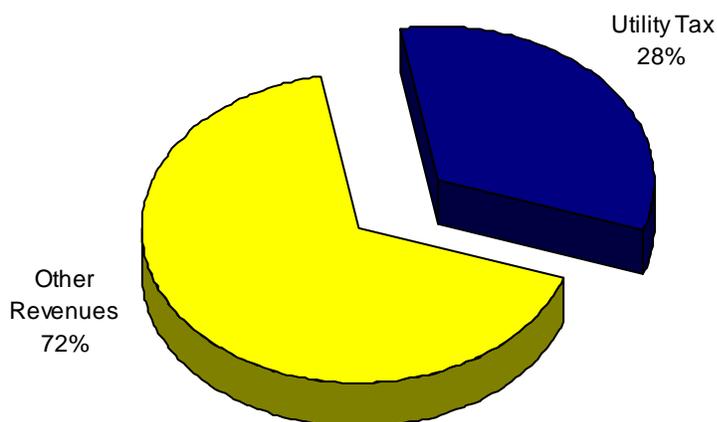

The City’s continued growth has caused challenges in staffing and service needs, due to restricted revenues. As discussed in revenue assumptions below, the City is part of a county-wide “Sales Tax Pool” for its major revenue source of sales tax and that pool greatly limits the fiscal impact of new development in the City. As a result, the City reviewed its service levels and personnel needs and decided to fund additional positions. These positions are discussed in “New Personnel” below. Finally, the City has decided to once again provide full-time employees with a “matching” retirement bonus, equal to 1% or 2% (according to employee tenure) of salary, as recognition for their outstanding service during the challenging environment in recent years.

Chesterfield annually updates a Five-Year Forecast for its General Fund, to provide a forum for long-range fiscal and service level planning. A copy of the forecast is available at the City’s website: [www.chesterfield.mo.us](http://www.chesterfield.mo.us). It helped the Council in its review of this final FY2009 budget document. The 2008 updated forecast revealed the City was in sound financial condition, assuming no change in current service levels, but any new services would require additional revenue sources. Strong fund reserves are available to protect against any major shocks to either revenues or expenditures, which could arise given the current economic conditions.

## BUDGET ASSUMPTIONS

### Revenue Assumptions

#### General Fund

The City’s General Fund contains a variety of sources; however, three sources comprise 84% of total revenues. Those sources are discussed in more detail below. The City tracks major revenue sources on a monthly basis and uses trend analysis and other relevant information to project budget revenues. As noted below, utility taxes are very much weather and rate-dependent. Sales tax revenues, within the

General Fund, are a reflection of the fact that Chesterfield is currently part of a county-wide pool, so we rely heavily on the County and historic trends for projections. Intergovernmental revenues are often tied to a base formula, so we project based upon that formula and its known parts.

Utility Gross Receipts Tax

The City of Chesterfield levies a 5% gross receipts tax on electric, gas, telephone, and water companies within the City. The utility tax is collected by the utility companies at the time of their monthly billing and is remitted to the City within twenty (20) days following the last day of each month.

Revenue from the utility gross receipts tax is currently estimated based on the City's experience, as well as information supplied by the utility companies. As noted above, revenues from utility taxes, especially electric and gas utilities, are dependent on weather conditions. Utility taxes are also greatly impacted by rulings by the Missouri Public Service Commission (PSC).

Based upon the successful conclusion of years of litigation, telephone utility revenues increased in FY2008, due to the one-time payment of approximately \$1,470,645, in “back taxes”, by many wireless companies and their agreement to pay monthly revenues, which total approximately \$1.2 million. As a result of the settlements, the budget for FY2009 was projected using the estimated wireless monthly payments, as well as the non-wireless telephone revenue already being received.

The historical revenue trend for utility tax is shown below. Overall, growth in utility taxes has been fairly consistent, with the exception of 2005, when rate increases for natural gas provided an unusual amount of revenues and 2008, when the above mentioned settlements took place. Again, the decrease in utility revenue projected for FY2009 is a reflection of the one-time settlement payments, from the wireless industry, which occurred in 2008.

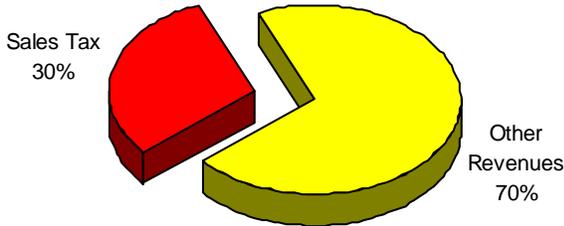

Year	2000	2001	2002	2003	2004	2005	2006	2007	2008	2009
Amount	4,137,611	4,392,233	4,028,656	4,181,849	4,158,515	4,671,771	4,679,859	4,988,943	8,116,106	6,773,128
% Increase	5.9%	6.2%	-8.3%	3.8%	-0.6%	12.3%	.1%	6.6%	62.7%	-16.6%

Sales Tax

There are two ways in which cities in St. Louis County receive sales tax distributions. One is through a point-of-sale method; the other is through a county-wide sales tax pool. Cities under the point-of-sale method receive actual taxes collected within their city. Cities in the pool receive a shared amount, based upon each city’s population, as a percentage of the pool population. Population figures are adjusted decennially based upon the latest census figures. Interim changes, other than growth resulting from annexations, are not made. Sales tax distributions were adjusted based on the new census figures for 2000 as of January 2002.

The City of Chesterfield receives a share of the county-wide 1% tax on retail sales through a pool comprised of unincorporated St. Louis County and many of the cities throughout St. Louis

County. Under Missouri statutes, the City of Chesterfield does not have the option to choose the method by which it receives sales tax. Cities incorporated after March 19, 1984, or areas annexed after March 19, 1984, are automatically included in the sales tax pool under State law, with no option of withdrawal. Although the City has taken legal action to attempt to challenge this law, it has so far been unsuccessful.

In addition, under legislation passed in 1994, pool cities receive a share of the sales tax generated in point-of-sale cities, based on a county-wide redistribution formula.

Sales tax is collected by the State of Missouri, distributed to St. Louis County, which administers the sales tax redistribution formula and wire-transfers the appropriate amount to each City, on the 10th of each month. The amount collected varies due to the fact that

some businesses make quarterly contributions. Revenues for FY2009 from sales tax are estimated at \$6,063,313, based on estimates of a per capita distribution of about \$129.55. Due to indications of a weaker St. Louis County economy in 2009, sales tax revenues are budgeted at a 3.3% decrease from projected 2008 sales tax revenues.

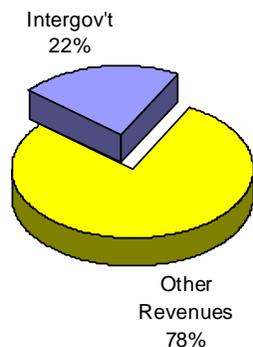

The historical revenue trend for sales tax is shown below. Revenues were higher in 2002 because of the decennial census adjustment to the distributions, noted above. Overall, growth has been steady over a ten-year period. However, a precautionary decrease has been estimated for 2009 due to signs of an economic slowdown.

Year	2000	2001	2002	2003	2004	2005	2006	2007	2008	2009
Amount	5,339,335	5,422,348	5,692,537	5,576,628	5,714,766	6,031,161	5,937,970	6,143,733	6,272,578	6,063,313
% Increase	-21.3%	1.6%	5.0%	-2.0%	2.5%	5.5%	-1.6%	3.5%	2.1%	-3.3%

### Intergovernmental Taxes

Intergovernmental taxes include the motor fuel tax, motor vehicle sales tax, cigarette tax, the County road & bridge tax, a Police Academy grant and a Parkway School District grant.

Motor fuel and motor vehicle sales taxes are collected by the State of Missouri and remitted to the City for the purpose of maintaining roads and bridges. Receipts are distributed on a monthly basis.

Motor fuel tax revenue is generated based on a charge of \$.17 per gallon. Motor fuel tax is distributed based on population. Motor vehicle sales tax is generated from State-

imposed fees for licenses, plates, and sales tax and is remitted to cities based on the consumer's residence and city population. Revenues for Fiscal Year 2009 from the motor fuel and motor vehicle sales tax are estimated at \$1,326,214 and \$505,712 respectively. The estimated numbers are based on the projected 2008 tax revenues with no growth predicted due to declining auto sales and fuel usage throughout 2008.

Cigarette taxes are also collected by the State of Missouri and distributed to cities based on population. These receipts are wired monthly to the City. In St. Louis County, all municipalities share in a five-cent County cigarette tax levy. Revenues for FY2009 from cigarette tax are estimated at \$153,630.

The County's road and bridge tax is \$.105 per \$100 of assessed valuation and is distributed to the City based on the City's assessed valuation. It is billed along with other property tax assessments in the fall of each year and is due December 31. It is distributed to the cities (net of a 1% collection fee) as received and is intended, as its name states, for roads and bridges. Billings for the tax year are based on the assessed value of property as of January 1 of each year. Assessed valuation within the City of Chesterfield has grown steadily over the last several years, partially due to growth in the community and partially due to reassessment (mandated State reassessment takes place in even-numbered years). Chesterfield's total assessed valuation is the HIGHEST of any city in St. Louis County.

<u>Date Assessed</u>	<u>Valuation</u>	<u>Percent Increase</u>
January 1, 1998	\$ 957,731,212	3.7%
January 1, 1999	\$1,047,070,392	9.3%
January 1, 2000	\$1,137,971,730	8.7%
January 1, 2001	\$1,275,903,642	12.1%
January 1, 2002	\$1,308,820,798	2.6%
January 1, 2003	\$1,359,291,971	3.9%
January 1, 2004	\$1,385,266,830	1.9%
January 1, 2005	\$1,579,043,920	14.0%
January 1, 2006	\$1,597,093,708	1.2%
January 1, 2007	\$1,735,540,000	8.0%
January 1, 2008	\$1,942,764,073	11.9%

As described in greater detail below, Chesterfield does NOT directly benefit from this growth in assessed valuation. Chesterfield's only property tax, of \$.03/\$100 of assessed valuation, is dedicated for debt service on a previous parks bond issue and cannot be used by the General Fund. Due to the overall growth in the total assessed valuation, over the years, that tax has been reduced by the Mayor and the City Council. In 2008, the Chesterfield City Council lowered the property tax rate from \$.06/\$100, by 50%, to its current level.

The revenue estimated for road and bridge tax for Fiscal Year 2009 is \$2,054,182, based on a projected growth in assessed valuation of 10%, less a 1% collection fee and 3% allowance for uncollectible taxes.

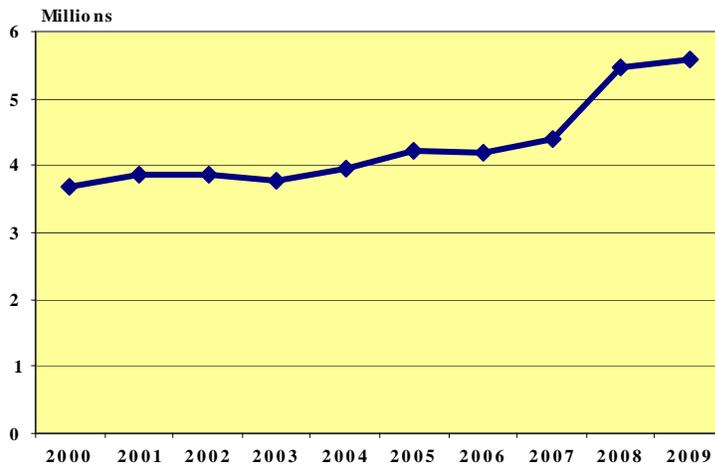

The historical revenue trend for intergovernmental revenues is shown below. Intergovernmental revenues have fluctuated greatly over the years, depending on the amount of grants received. In

certain years, for example, grants were significantly higher due to a Municipal Parks grant in 2004. Revenues increased in FY2007 due to FEMA money received for several storms.

Year	2000	2001	2002	2003	2004	2005	2006	2007	2008	2009
Amount	3,541,731	3,724,716	3,691,602	3,779,685	4,185,129	3,951,450	4,169,204	4,668,655	4,290,412	4,405,119
% Increase	4.9%	5.2%	-0.9%	2.4%	10.7%	-5.6%	5.5%	12.0%	-8.1%	2.7%

## Capital Improvement Sales Tax Trust Fund

### Sales Tax

The City of Chesterfield levies a ½-cent sales tax for capital improvements. Voters approved this ½-cent sales tax, along with a \$29,355,000 general obligation bond issue for street and sidewalk improvements in November 1996 (Propositions R&S). In April 1997, the City of Chesterfield began receiving sales tax revenues.

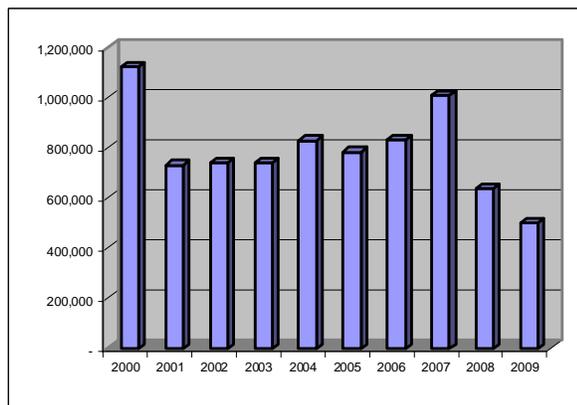

Revenues for FY2009, from this sales tax, are estimated at \$5,570,594. The amount generated

by this ½ cent sales tax is only 85% of the amount generated by the Parks Sales Tax (see below), due to a State law requirement that 15% of this total amount will be shared with the Sales Tax Pool.

The historical trend for this sales tax is as shown below. Revenues increased significantly in 2008 due to the closure of the Chesterfield Valley TIF.

Year	2000	2001	2002	2003	2004	2005	2006	2007	2008	2009
Amount	3,690,037	3,855,101	3,860,073	3,761,895	3,940,005	4,230,947	4,178,612	4,409,115	5,479,444	5,570,594
% Increase	14.0%	4.5%	0.1%	-2.5%	4.8%	7.4%	-1.2%	5.5%	24.3%	1.7%

## Parks Debt Service 1994

### Property Tax

The City of Chesterfield levies a \$.03 property tax on all real and personal properties in the City of Chesterfield. Voters approved a property tax in 1994 to pay debt service for \$11 million of general obligation bonds for parks; however, revenue from this source cannot be used for anything else. Property tax revenues for Fiscal Year 2009 are anticipated to be \$500,000. This property tax represents less than ½ of 1% of the total property

tax rate paid by Chesterfield residents, whether they reside in the Parkway or Rockwood School Districts.

There has been significant growth in property taxes, resulting from growing assessed valuations, with the exception of planned reductions in the property tax rate in 2000 and 2008. In 2008, due to this overall growth, the Chesterfield City Council lowered the property tax rate from \$.06/\$100 to its current level of \$.03/\$100 of assessed valuation. See the discussion in intergovernmental taxes for the General fund for a history of assessed valuation for the City.

The historical trend for property tax is as shown below.

Year	2000	2001	2002	2003	2004	2005	2006	2007	2008	2009
Amount	1,121,366	732,743	739,206	740,000	829,209	784,351	831,000	1,009,792	640,000	500,000
% Increase	-14.9%	-34.7%	0.9%	.11%	12.1%	-5.4%	5.9%	21.5%	-36.6%	-21.8%

Over the last ten years, the property tax rates have been set as shown below:

<u>Year</u>	<u>Property Tax Rate</u>
2000	\$ 0.10
2001	\$ 0.06
2002	\$ 0.06
2003	\$ 0.06
2004	\$ 0.06
2005	\$ 0.06
2006	\$ 0.06
2007	\$ 0.06
2008	\$ 0.03
2009	\$ 0.03

### **Parks Sales Tax Fund**

#### Sales Tax

Residents of the City of Chesterfield approved a ½-cent sales tax for parks, in November, 2004. This new tax was levied on April 1, 2005, with actual receipts being received, starting in June, 2005. Revenues were \$5,179,120 in 2007, and \$6,682,958 in 2008; the increase is due to the closure of the Chesterfield Valley TIF. Sales Tax revenue is projected to be \$6,276,005 for 2009. A conservative approach was taken when projecting 2009 revenues, given current economic conditions. Unlike the ½-cent sales tax for Capital Improvements, the City is able to capture 100% of the revenue, from this source, less a 1% collection fee assessed by the State.

#### Parks and Recreation Fees

The City's Parks and Recreation Department charges user fees for both the Chesterfield Valley Athletic Complex and the Family Aquatic Center. Those fees are reflected as revenues, within this fund.

In 2005, the City began operating its own concession stands within all of its facilities. Those revenues are also reflected in the FY2009 budget and are based upon the 2008 performance of those concession stands.

## **Expenditure Assumptions**

The City utilizes the same set of expenditure assumptions for all of its funds. Personnel costs are budgeted at the position level and are assumed to increase 3% for 2009, with the exception of health insurance which is assumed to increase 9%. Contracts and commodities are budgeted at known values and assumed at 3% increases, if no actual value is known. Finally, capital items are budgeted at actual surveyed costs, plus 3% for inflation, prior to purchase.

## **NEW PERSONNEL AND PROGRAMS**

### **New Personnel**

#### **General Fund**

One equipment maintenance mechanic was added to the FY2009 budget. An increasing workload and the growing size of our total inventory of equipment have caused a growth in overtime, which the addition of this new position will help to reduce. This new position has a total annual cost of \$51,893.

#### **Parks Department**

Continued growth in Parks, funded by the Parks Sales Tax Fund, required the addition of three full-time positions in that fund. One recreation specialist and two parks maintenance workers were added to address additional maintenance demands of parks and landscapes due to additional park land. Two seasonal positions were also added to the FY2009 budget. These new positions have a total annual cost of \$135,731.

### **New Programs**

The Residential Street Tree Program has been included in the FY2009 budget. This program will assist residents in planting a tree within City right of way, which is typically the grass area between the street and sidewalk, or if no sidewalk, an area within ten feet of the street.

## **FUTURE BUDGET TRENDS**

While 2009 is focused on enhancing current service levels and maintaining a balanced budget, future budget trends offer a mix of positive developments and new challenges.

In the General Fund, the City continues to be challenged with balancing current revenues with increasing service demands. Sales tax sharing means that the City does not directly benefit from the success of new development. As we close out 2008, the City will lose just over one-half of the 1% County-wide sales tax, generated within its borders, to the Sales Tax Pool. However, with the successful conclusion of litigation involving all wireless communication companies, the City will now benefit from a growth in utility revenues, off-setting previous declines in revenues generated by the use of land-line phones.

The upward spiral in health insurance costs continued in 2008 and is forecasted to continue in 2009. If this trend continues, future budgets will need to address how the City provides insurance to its employees and at what level the City requires employee contributions to benefit plans. City Staff will need to consider possible increases to employee co-pays and deductibles, and will continue to pursue opportunities for self-insurance, if a viable option can be found, providing equal benefits at stabilized costs.

As we enter 2009, the United States economy has entered recessionary territory. Due to these economic conditions, the City has budgeted for a decrease in sales tax compared to 2008 projected numbers. Currently a decrease of 3.3% is budgeted. The City will actively monitor sales tax receipts throughout the rest of 2008 and during 2009 and amend the budget if necessary in 2009.

## **FUND HIGHLIGHTS**

### General Fund

The General Fund is the main operating fund of the City and for 2009 it represents 33% of all expenditures. The 4.0% increase in expenditures from 2008 to 2009 represents planned salary increases of 3%. A 1% to 2% (depending on employee tenure) additional contribution to the City's retirement program and a 9% increase in health insurance premiums also contributed to the increase.

### Special Revenue Funds

The Capital Improvement Sales Tax Fund saw revenue growth in 2008 of 24%, due to the TIF closure on 12/31/07. The closure allowed taxes previously collected by the TIF to be remitted to the Capital Improvement and Parks Sales Tax fund. The fund uses the ½-cent sales tax it collects to fund street and sidewalk projects, on a citywide basis, in addition to funding debt service payments for outstanding debt issues R&S I and R&S II. The Capital Improvement Sales Tax Fund is projected to spend its available resources in 2009.

The Parks Sales Tax Fund saw revenue growth in 2008 of 7%, due to the TIF closure on 12/31/07. The fund uses the ½-cent sales tax it collects to fund the entire Parks and Recreation operation as well as to fund debt service payments, for the 2005 and 2008 Parks Bonds. In 2009, the fund anticipates transferring approximately \$2.7 million for those debt payments.

### Capital Project Funds

A Parks Construction Fund is utilized to track the proceeds of the 2005 Parks Bond Issue. The proceeds of the bonds are to be used for land acquisition and capital improvements within new and existing park land. It is anticipated that this fund will expend 3.3 million of its resources in 2009 leaving a 9.9 million fund balance.

The City recently began Phase II of the Parks Construction Plan. Near the end of 2008, the City will issue 4.7 million in debt to finance the initial phase of construction. The debt will be serviced by the ½-cent parks sales tax already in place. The City will issue an additional \$10 million (approximately) for the second phase of construction in 2009. However, the remaining debt issue could be delayed based on market conditions and the amount of sales tax revenue being generated.

A Chesterfield Valley Special Allocation Fund is utilized to track the unspent revenues from the TIF funds. In 2009, the fund is anticipated to spend \$3.3 million for remaining TIF projects.

### Debt Service Funds

The Parks 1998 Debt Service Fund collects revenues from the City's only property tax levy (currently \$.03 per 100) to finance annual debt service payments. The proceeds of the original debt issue were used to purchase what is now Central Park in the City. The bond was refinanced in 2008. The debt is scheduled to be retired in 2015.

All other debt service funds contain only the "payments out" for debt service and a corresponding "transfer in" from another fund. Any other small revenues reflect interest earned on funds between payment dates. The General Fund transfers funds for the Public Works Facility and City Hall debt service funds, the Capital Improvement Sales Tax Fund finances R&S I and R&S II, and the Parks Sales Tax finances the 2005 and 2008 Parks Bonds.

That concludes the "executive summary" of the FY2009 Budget. If you have any questions or would like additional information, please let us know.

Sincerely,

Michael G. Herring

## **CITY OF CHESTERFIELD MISSION STATEMENT**

---

---

The City of Chesterfield is a strong, vibrant community that encourages interaction among residents, businesses and civic organizations which is accomplished through innovative approaches to community and neighborhood planning.

The City of Chesterfield is committed to excellence in service and overall quality of life:

- By being the City of choice in the St. Louis Region within which to live, work, play and visit;
- By partnering with residents, businesses, civic organizations and governments to forge a sense of community;
- By providing and seeking quality in each area of service;
- By providing and encouraging cultural and recreational facilities and activities;
- By enhancing property values;
- By ensuring a secure and responsible environment.

Mission Statement  
Adopted by City Council  
July 31, 1999  
Amended by City Council  
October 6, 2001

**STRATEGIC PLAN  
1999-2009**

(Adopted by Mayor and City Council in 1999)

**PRESENT STATE**

Who the City serves:

- #1 Residents
- #2 Businesses
- #3 Visitors

What the City offers:

- ✓ Good municipal services (but limited)
- ✓ Fiscally responsible policies and management
- ✓ Good property values
- ✓ Government provides forum for leadership to build, accomplish and shape community consensus
- ✓ City with direction both internally (operations) and within the region
- ✓ Cost control of city operations
- ✓ Quality
- ✓ Professionally managed city
- ✓ Encouragement for a variety of housing and economic development opportunities

Quality standards and actions of the City:

- ✓ Quality systems and processes to deliver services
- ✓ Always maintaining and improving services
- ✓ Looking to expand services based on needs and availability of funding sources
- ✓ Interaction with neighborhoods and community groups

**STRATEGIC PLAN**  
**1999-2009, continued**  
(Adopted by Mayor and City Council in 1999)

**FUTURE STATE**  
(10 years)

Who the City serves:

- #1 Residents
- #2 Businesses
- #3 Visitors

What the City offers:

- ✓ Provide quality municipal services
- ✓ Enhance and preserve property values:
  - Emphasize quality residential areas and diversity of businesses
  - Continue to encourage reinvestment in commercial real estate and housing
  - Support and maintain rehabilitation for housing
- ✓ Focus resources for community development
  - Innovative in approach to neighborhood design
  - Provide recreational and cultural facilities and programs
- ✓ Continue to develop and maintain the spirit and image of a "community"
- ✓ Maintain and improve external infrastructure
- ✓ Work in partnership with business
  - Provide incentives and support for businesses
- ✓ Provide a friendly environment for diverse educational institutions and partnering with schools
- ✓ Provide recreational and cultural facilities and programs
- ✓ Provide leadership in community consensus building
- ✓ Professionally managed city

Quality standards and actions of the City:

- ✓ Looking for new and innovative ways to improve services
- ✓ Quality systems and processes for all services delivered
- ✓ Interaction with neighborhood, community and business groups

Image people have of Chesterfield:

- ✓ Safe and secure community
- ✓ Place of first choice to live, work and play; family-oriented community with excellent schools
- ✓ Regional leader

**STRATEGIC PLAN  
1999-2009, continued**

(Adopted by Mayor and City Council in 1999)

- ✓ Recreation and entertainment facilities and businesses
- ✓ Open space
- ✓ Corporate offices and professional environment

Economic development policy:

- ✓ Mix of business types, sizes; broad and expanded revenue base and employment
- ✓ More focus on small business and independently-owned businesses, with opportunities for corporate development; in office parks
- ✓ Little dependence on large businesses

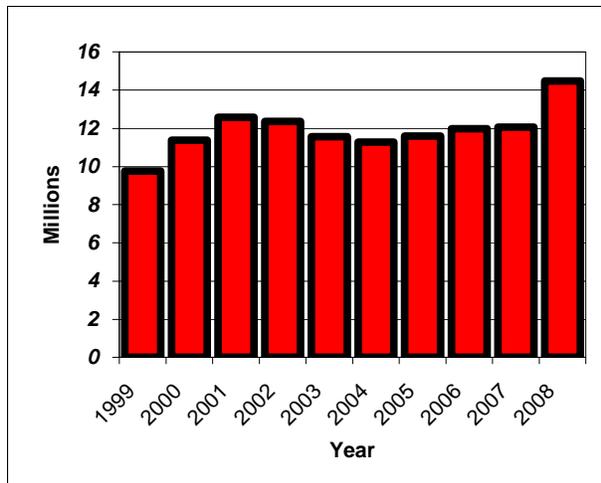

Leadership style of the City:

- ✓ Building community consensus
- ✓ Moving in an agreed direction
- ✓ Leader within the St. Louis Region

## MAJOR BUDGET POLICIES

### Fund Reserve Level

The City attempts to maintain a reserve level of a minimum of 40% of general fund expenditures including all operating transfers out. This is considered a prudent reserve level for meeting unanticipated expenditure requirements, a major revenue shortfall, or an emergency. The budget for fiscal year 2009 meets that goal with a 71% or \$14,476,436 unbudgeted fund balance as of December 31, 2009.

### Pay Structure

The City has adopted a policy of paying in the top five for all cities by position in the region. A market study is completed and pay grades are updated periodically. The City adjusts pay scales each January 1 based on the prior June Consumer Price Index (CPI). The June 2008 CPI was 4.9%.

### Annual Salary Adjustments

One of the perennial issues for City governments during the budget process concerns annual pay increases for City employees. The 2009 budget includes 3% for merit pay increases, as recommended by the City Council during the preparation of the budget.

### Capital Asset Expenditure

Expenditures of \$5,000 or more on items having an expected life of over a year are considered to be capital assets for the purpose of classification of expenditures. The City budget appropriates General Fund monies for those capital assets used to provide services within the normal operation.

### Revenue Policy

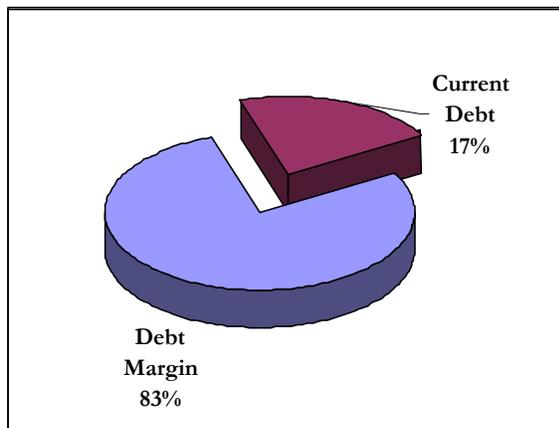

The City attempts to maintain a diversified revenue system to shelter it from short-run fluctuations in any one revenue source. The City considers market rates and charges levied by other public and private organizations for similar services in establishing rates, fees and charges. The City attempts to establish user charges and fees at a level related to the cost of providing the service.

### Debt Management

Bonded indebtedness is limited by Sections 95.115 and 95.120 of the Missouri Revised Statutes (1986) to 10% of the assessed value of taxable tangible property. Based on the 2008 assessed valuation of \$1,942,764,073, the City's legal debt limit is \$194,276,407.

The City has \$5.255 million in general obligation bonds for parks and \$27.935 million in general obligation bonds for street and side-walk improvements outstanding. In addition, the City has \$1.35 million in certificates of participation for the construction of a Public Works Facility, \$14.60 million in certificates of participation for the construction of a City Hall and \$28.94 million in certificates of participation for parks projects. The certificates of participation, however, do not count against the City's legal debt limit.

The City has a legal debt margin of \$161,086,400.

The City reviews each potential issue of debt either in house or through an independent financial advisor on a case-by-case basis.

The maintenance of a high fund balance in the General Fund provides the necessary cash to avoid the need for short-term borrowing.

The City confines long-term borrowing to capital improvements or projects that cannot be financed from current revenues, and where the issuance of long-term debt is required, it pays back the bonds within a period not to exceed the expected useful life of the project. The City attempts to keep the average

maturity of general obligation bonds at or below 20 years which approximates the useful life of assets built with debt proceeds.

When practical, the City uses special assessments, revenues, tax increment or other self-supporting bonds.

The City does not incur long-term debt to support current operations.

The City maintains a sound relationship with all bond-rating agencies and keeps them informed about current capital projects.

### Capital Improvement Projects

The City appropriates funds from the General Fund for the planning, acquisition, and construction of major capital facilities. In addition, the City uses its ½-cent Capital Improvement Sales Tax Trust Fund for streets and sidewalks. This includes reconstructing streets, sidewalks, storm sewers, and highway beautification projects. These projects are not normally considered on-going or regular maintenance.

In addition, the City has issued general obligation bonded debt and certificates of participation for the planning, acquisition, and construction of major capital facilities. This includes buildings, storm sewers, and highway beautification projects. These projects are not normally considered on-going or regular maintenance either.

The financial integrity of the City's operating debt service and capital improvement budgets are maintained in order to provide services, construct and maintain public facilities, streets and utilities.

The City updates its five-year forecast on an annual basis to plan for the acquisition of

capital equipment and resources to pay for those acquisitions. The City coordinates decision making for the capital improvement budget with the operating budget to make effective use of the City's limited resources for operating and maintaining existing services and facilities.

appropriations.

The City attempts to maintain all of its assets at a level adequate to protect the City's capital investments and to minimize future maintenance and replacement costs.

### **Cash and Investment Policy**

State statutes authorize Missouri local governments to invest in obligations of the United States Treasury and United States agencies, obligations of the State of Missouri, or the City itself, time deposit certificates and repurchase agreements. It is the policy of the City of Chesterfield to invest public funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the City and conforming to all state and local statutes governing the investment of public funds.

The City has a formal cash and investment policy on file that stipulates the objectives, delegation of authority, ethics and conflicts of interest, authorized financial dealers and institutions, authorized and suitable investments, collateralization, safekeeping and custody, diversification, maximum maturities, internal controls, performance standards, and reporting requirements.

### **Balanced Budget Defined**

In accordance with Missouri Statutes, a balanced budget for the City is defined as available fund reserves plus estimated revenues equal or greater than estimated

## **BUDGET PROCESS**

The annual budget process is designed to meet the requirements of the ordinances of the City of Chesterfield and the statutes of the State of Missouri.

During the beginning of July of each year, the Director of Finance and Administration prepares a budget calendar, a copy of which is included in this document. This calendar outlines the process through budget adoption and implementation.

The budget documents and instructions are distributed by the Director of Finance and Administration to all of the departments. Each of the departments prepares their individual budgets while the Director of Finance and Administration prepares revenue estimates for the upcoming year.

The Department Heads submit budget requests to the Director of Finance and Administration who reviews them and requests additional information, if necessary. The City Administrator and Director of Finance and Administration meet with each Department Head to review the budget requests. Based on these meetings, the City Administrator submits a proposed budget to the Mayor and City Council.

The Mayor and City Council hold a budget work session as a Finance and Administration Committee-of-the-Whole to review the entire proposed budget. In addition, the City Council holds a public hearing to formally present the budget. Notice of this hearing is given by publication in a newspaper of general circulation in the City at least one week prior to the time of the hearing. A copy of the budget document is available for public inspection in the Department of Finance and Administration for at least 10 days prior to the passage of the budget by City Council.

Following the work session and a public hearing, the City Council adopts the budget by resolution, which goes into effect on the first day of January.

After the budget is adopted, it can be amended as shown below:

The annual budget may be revised by voice motion by a majority vote of the City Council. No revision of the budget is allowed to increase the budget in the event that funds are not available.

Department Heads may make transfers within their department budget up to \$2,500 with prior approval of the Director of Finance and Administration.

Department Heads may make transfers within their department from \$2,500 up to \$5,000 with prior approval of the Director of Finance and Administration and the City Administrator.

Transfers within department budgets over \$5,000 may be made only with prior approval of a majority of the City Council by voice motion.

Budget transfers between departments must be approved by a majority of the members of the City Council by voice motion.

Budget transfers from contingency accounts must be approved prior thereto by a majority of the members of the City Council by voice motion.

## FISCAL YEAR 2010 BUDGET CALENDAR

- August 1 to  
August 31, 2009

- Director of Finance and Administration prepares budget instructions.
- September 1, 2009

- Director of Finance and Administration distributes budget documents and instructions to departments.
- September 1, 2009 to  
September 22, 2009

- Department Heads/Supervisors conduct internal department meetings to analyze and prepare budget goals and departmental requests.

Department of Finance and Administration prepares estimates of personnel costs, fixed charges and non-departmental items and revenue estimates.
- September 14, 2009

- All departments submit personnel requests to Director of Finance and Administration.
- September 13, 2009 to  
September 21, 2009

- Director of Finance and Administration prepares estimates of 2007 actual and 2009 estimated payroll costs and posts figures in budget program.
- September 22, 2009

- Departmental requests for 2009 are returned to the Director of Finance and Administration.

All departments submit 2009 budget goals to Director of Finance and Administration.
- September 22, 2009 to  
September 28, 2009

- Department of Finance and Administration does preliminary review of budgets and obtains additional information from departments, if needed.

Director of Finance and Administration prepares consolidation of budget requests and finalizes revenue estimates.
- September 29, 2009 to  
October 10, 2009

- City Administrator and Director of Finance and Administration meet with Department Heads to discuss budget requests.
- October 11, 2009 to  
October 19, 2009

- Director of Finance and Administration prepares supplemental information for budget document in conjunction with application for Government Finance

Officer's Associations Distinguished Budget Presentation Award.

City Administrator and Director of Finance and Administration meet to review revenue estimates and budget document prior to submission to City Council.

City Administrator completes budget message.

- October 20, 2009 - City Administrator submits entire proposed budget document to City Council.
- October 29, 2009 - Finance and Administration Committee reviews budget
- November 2, 2009 - City Council meets as an F&A "Committee of the Whole" at a budget workshop.
- November 10, 2009 - Director of Finance and Administration publishes notice of public hearing.
- November 11, 2009 to November 16, 2009 - Director of Finance and Administration makes final amendments to budget based on City Council's recommendations.
- November 17, 2009 - Entire amended budget document is submitted to City Council.
- December 1, 2009 - City Administrator presents proposed budget at a Public Hearing prior to regularly scheduled City Council meeting.  
  
Budget adopted at regular City Council meeting by resolution.
- December 10, 2009 - Department Heads submit 2009 accomplishments to Director of Finance and Administration.
- December 2, 2009 to December 21, 2009 - Budget document is finalized for printing.
- December 21, 2009 to December 31, 2009 - Final budget document is sent to printers.
- January 1, 2010 - Adopted budget is recorded on the books and goes into effect.
- January 4, 2010 - Official budget document is distributed.

## **BASIS OF BUDGETING**

The City of Chesterfield's accounts are organized on the basis of fund and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liability, fund equity, revenues and expenditures or expenses.

The budgets of governmental funds (for example, the General Fund, special revenue funds, debt service funds and capital project funds) are prepared on a modified accrual basis. Briefly, this means that obligations of the City (for example, outstanding purchase orders) are budgeted as expenditures, but revenues are recognized only when they are available and measurable.

The City of Chesterfield's proposed budget for 2009 has a General Fund, four special revenue funds (Parks Sales Tax Fund, Capital Improvement Sales Tax Trust Fund, Sewer Lateral and Police Forfeiture), seven debt service funds (Parks, Public Works Facility, R&S I, R&S II, City Hall, Parks Phase II and Prop P) and three capital project funds (Parks Construction Fund, Parks Construction Phase II Fund and Special Allocation Fund). The capital project funds are used to account for general capital improvement projects in the City which are not specifically required to be accounted for separately because of long-term financing. The budgets for these funds are also prepared on a modified accrual basis.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriation, is employed in the governmental fund types. Since appropriations lapse at year end, outstanding encumbrances are reappropriated in the subsequent fiscal year's budget to provide for the liquidation of the prior commitments.

In Proprietary Funds (Enterprise Funds and Internal Service Funds), the accrual basis of accounting is used. Revenues are recognized in the accounting period in which they are earned. Expenses are recognized in the accounting period in which they are incurred. The City of Chesterfield does not currently have any Proprietary Funds.

The Comprehensive Annual Financial Report (CAFR) shows the status of the City's finances on the basis of "generally accepted accounting principles" (GAAP). In most cases, this conforms to the way the City prepares its budget. The only exception is compensated absences that are expected to be liquidated with expendable available financial resources which are accrued as earned by employees (GAAP) as opposed to being expended when paid (Budget). In addition, gains or losses on investments, depreciation and amortization are not considered budgetary accounts and are excluded from the budgeting system.

## BUDGET PRESENTATION AWARD

The Government Finance Officers Association of the United States and Canada (GFOA) presented an award for Distinguished Budget Presentation to the City of Chesterfield for its annual budget for the fiscal year beginning January 1, 2008.

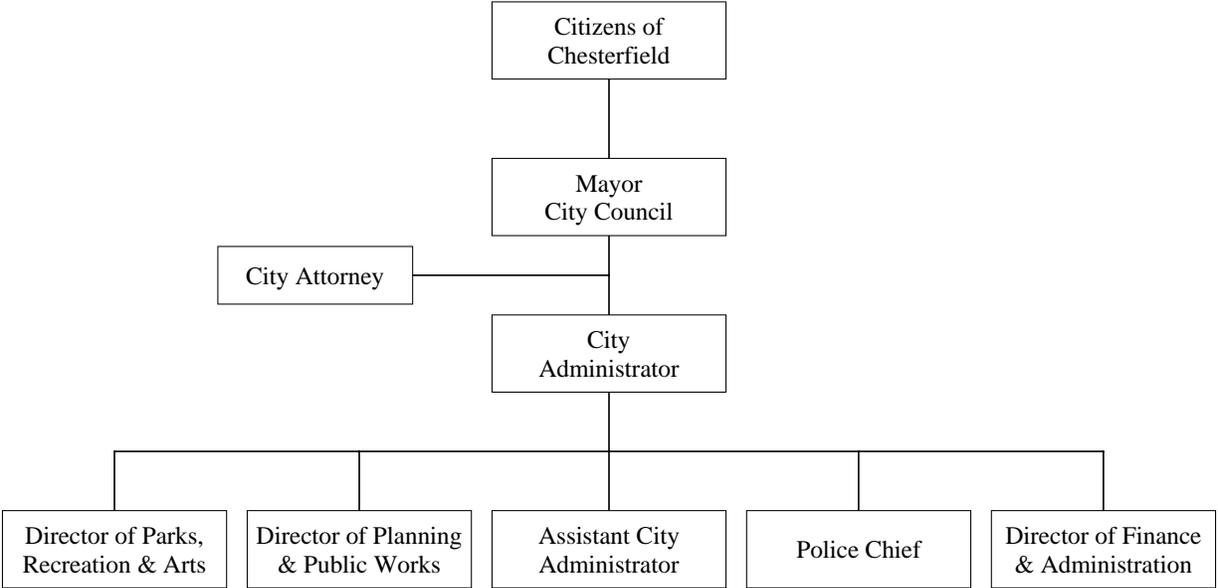

In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan and as a communications device.

The award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to the GFOA to determine its eligibility for another award.

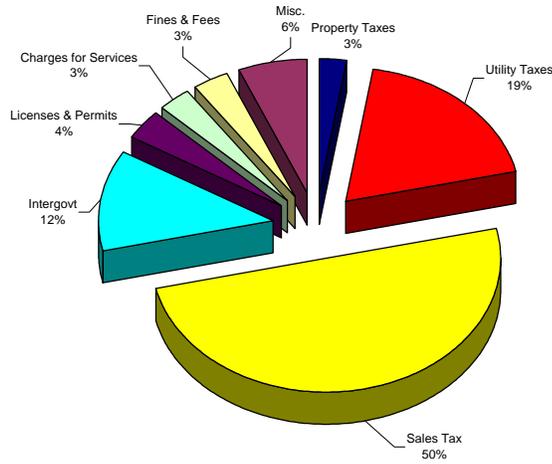

# City of Chesterfield Missouri

## **Legislative Department**

The legislative department accounts for the Mayor and City Council. The Mayor is the Chief Executive Officer of the City. He presides at City Council meetings and may vote on legislation to break a tie. The Mayor is elected at large for a four year term. The eight Councilmembers are the legislative branch of the City Government responsible for the adoption of the budget, the passage of local ordinances, and the establishment of policy. Councilmembers are elected to serve two-year overlapping terms; one Councilmember from each of the four wards is elected each year.

## CITY ADMINISTRATOR DEPARTMENT

The City Administrator is the Chief Appointed Officer of the City, responsible to the Mayor and City Council for the administration of all affairs of the City coming under his jurisdiction. He supervises all departments, sees that all laws and ordinances are enforced and all contracts are kept and performed and makes recommendations to the City Council regarding City operations and policy.

<b>Distinction – Be a City of choice in St. Louis Region to live, work, play and visit</b>	
2008 Accomplishments	2009 Goals
Participated in a Community Outreach Visit with Naperville, Illinois to learn best practices from this community.	Will continue to identify best practices of similar communities and implement those practices when appropriate for Chesterfield.
Awarded street and sidewalk repair/construction contracts in excess of \$3 million	Continue to work with staff to provide residents with quality services.
Awarded a contract with Network One Communications for the establishment of a wireless internet access network.	Will monitor this vendor and contract to assure the best service possible for Chesterfield residents.

<b>Partnerships – Forge a sense of community by partnering with residents, businesses, civic organizations and other governments</b>	
2008 Accomplishments	2009 Goals
Met regularly with other cities, St. Louis County, School Districts and Chamber of Commerce to identify and recommended partnering opportunities	Partnering with Chamber of Commerce and Progress 64 West to create educational and business assistance opportunities for entrepreneurs.
Met with a wide-range of residents, business owners and developers in assessing community needs and desires.	Continue actively communicating with City stakeholders to assess needs and concerns.
Arranged an agreement with St. Louis County, MoDOT and Duke Realty to complete the I/64-Spirit Interchange.	Continue to work with area entities to partner on transportation projects to enhance the region.

<b>Quality – Provide and seek quality in each area of city services</b>	
2008 Accomplishments	2009 Goals
Worked with Department Heads to ensure that all areas of the City’s operations are running at their optimum efficiency.	Continue to ensure that our customers receive the highest level of customer satisfaction possible.
Performed regular review of departmental and financial activity to maximize efficiencies	Continue to support and identify cost effective training opportunities for City employees.

Administered a contract for the development of a comprehensive landscaping plan for the Chesterfield Parkway medians in the SW and NW quadrants.	Will work in 09 to review and carry out the recommendations made from the landscaping plan to enhance the beauty of Chesterfield.
--	---

<b>Activity– Providing and encouraging cultural and recreational activities</b>	
2008 Accomplishments	2009 Goals
Administered the approval of funding for Phase II of the City’s Parks plan, resulting in \$16.5 million in New Projects at the CVAC and Central Park.	Oversee the funding mechanisms to provide for the Phase II improvements and oversee the fulfillment of these projects in the coming years.
Worked with consultant, VIA Partnership in creating a Public Arts Master Plan.	Will monitor and analyze recommendations brought forth by the Arts Master Plan and facilities carrying out those recommendations as directed by City Council.

<b>Investment – Maintain and enhance property values</b>	
2008 Accomplishments	2009 Goals
Recommended continued infrastructure maintenance and improvements through the capital improvements sales tax fund.	Continue to review and recommend infrastructure improvements to maintain and enhance appearance of the community.
Administered the establishment of a Residential Street Tree Program designed to assist residents with the placement of trees located between sidewalks and the curb along City Streets.	Search out ways to enhance our City services, such as the Street Tree Program, for our residents.

<b>Security – Ensure a responsible and secure environment</b>	
2008 Accomplishments	2009 Goals
Supported the Police Department’s requirements to maintain CALEA designation.	Continue to encourage the police department to enhance its efficiency and effectiveness.
In working with the Police Department to review the security of City Hall, worked to create a new safety plan and the installation of several new security cameras, security devices and personnel changes to create a safer work environment for employees and Council members.	Will continue to monitor the effects of the security equipment at City Hall to ensure a safe work environment for employees and City Council members.
	Continue to support efforts in maintaining our status as one of the safest communities in America.

## COMMUNITY SERVICES AND ECONOMIC DEVELOPMENT DEPARTMENT

The **Community Services and Economic Development Department** of the City provides a wide range of services our citizens through our customer service representatives, the City Clerk and our public relations functions such as the residents newsletter, *The Chesterfield Citizen*. In addition, the area works to attract and retain businesses within our community and develop programs to assist entrepreneurs. Below is a brief highlight of 2008 accomplishments and 2009 goals to further advance the City’s Mission Statement.

<b>Distinction – Be a City of choice in St. Louis Region to live, work, play and visit</b>	
2008 Accomplishments	2009 Goals
Continued our focused advertising campaign, <i>It’s All Right Here</i> , to market the livability factor of Chesterfield, primarily in the St. Louis Business Journal. Also assisted in providing information for several stories about Chesterfield in local commercial business and construction publications, in addition to Midwest publications such as Heartland Real Estate News and Midwest Real Estate News.	For 2009, I propose working with a professional communications firm to assist us in getting more “free” PR opportunities and redirect advertising funds towards this effort. Also the firm can assist with content for <i>The Citizen</i> and PR for other remarkable events for the City.
Continued to market Chesterfield directly to national site location consultants by participating in a regional approach with the State Dept. of Economic Development and the RCGA by exhibiting at CORENET, a Corporate Real Estate conference.	Will continue to market Chesterfield on this national level, coordinating our efforts with the St. Louis RCGA, The Missouri Partnership, and the State of Missouri Dept. of Economic Development.
Through the assistance of an intern from Washington University’s School of Social Work, we are identifying opportunities in providing community programs and services for the “baby boomer” population in Chesterfield. Also worked with the Citizens Committee for the Environment to promote their numerous events to allow for environmental education and recycling opportunities. Worked with them to create a “Signature Garden” award within Chesterfield to promote utilizing plants of merit and environmentally friendly gardening practices.	Will continue to identify opportunities to foster more of a community atmosphere within Chesterfield, identifying needs of an aging population and creating programs for families.

<b>Partnerships – Forge a sense of community by partnering with residents, businesses, civic organizations and other governments</b>	
2008 Accomplishments	2009 Goals
Continued to partner with the Business Education Committee of the Chamber of Commerce to offer the Incubator Plus program to micro-businesses and entrepreneurs. A total of 25 graduated from the class armed with information to succeed and grow their business. Continuing education classes were also provided.	We will continue to grow and enhance the Incubator Plus and its continuing education programs to make Chesterfield and area micro-businesses a viable part of our community.
Partnered with several businesses in the community to form a Network Support Group for the Incubator Plus graduates.	Continue to provide networking and educational opportunities between the graduates of the course and the Incubator Plus Support Network.
Partnered with representatives from the Small Business Administration to assist businesses with expanding International markets.	Will continue to partner with such organizations to assist businesses in growing and being successful in Chesterfield.
Partnered with Metro St. Louis in finding ways to reach businesses in Chesterfield and meet needs for their employment base. Working to assist Metro in PR about what they offer in Chesterfield.	We will continue to seek ways to promote the City and partnering organizations through speaking engagements and other public relations opportunities.

<b>Quality – Provide and seek quality in each area of city services</b>	
2008 Accomplishments	2009 Goals
Updated marketing and demographic materials for the City to promote a higher quality image and to provide more comprehensive demographics information.	We will work to ensure we have the most up to date demographic information available to promote Chesterfield to potential businesses and residents.
Working with IS Department and Captiva to update the City’s web site, specifically to enhance the customer service and economic development portions of our site to make them more user friendly.	Will continue to implement and monitor web site activity and content to ensure we are providing the greatest value to our residents and customers.
Planned events and utilized public relations mechanisms to promote the City’s 20 <sup>th</sup> anniversary. Worked with a firm to prepare custom banners along the Chesterfield Parkway that rotate with the seasons and promote quality of life in Chesterfield.	With the assistance of a public relations firm, staff will work to create the best possible image and awareness of Chesterfield to residents and those outside the immediate area as well.

Coordinated internal staff effort resulting in creating one document that clearly outlines the process of opening a business in Chesterfield. Staff members worked to streamline processes between customer service, planning, economic development and finance.	Will continue to explore ways to enhance City operations to make them transparent to residents, customers and developers when doing business with the City.
--	---

<b>Activity– Providing and encouraging cultural and recreational activities</b>	
2008 Accomplishments	2009 Goals
Worked throughout the year with VIA Partnership to gather community input on the Arts Master Plan.	We will continue to work with Chesterfield Arts and VIA Partnership to implement the Arts Master Plan.
Worked with Stages St. Louis in assisting them in obtaining Tax Credits from the Dept. of Economic Development that will assist with their fund raising capabilities.	The City will continue to work with and support Stages St. Louis to assist in awareness and the development process to make their project a reality in Chesterfield.
Worked with the Citizens Committee for the Environment to promote the family and recreational activities with Tree, Earth & Arbor Day event, America Recycles Day event, and a How to Green Your Home Seminar along with promoting several recycling opportunities throughout the community.	Staff will continue to work with the CCE Committee enhance their programs within the community to promote environmental awareness. Plans are for building upon past events and creating a Stellar Green Youth Team.

<b>Investment – Maintain and enhance property values</b>	
2008 Accomplishments	2009 Goals
Compiled information on an ongoing basis related to the foreclosure crisis, through which we identified that foreclosures are not a threatening issue for Chesterfield. Staff attended seminars on maintaining property values and foreclosure resources in the St. Louis Region.	Will continue to monitor the Chesterfield Economy and report findings to management staff and elected officials.
Through the efforts of the Citizens Committee for the Environment, the City will encourage the use of eco-friendly yard and gardening practices and recognize residents who are taking these measures.	Staff will continue to work with the CCE committee to promote environmentally friendly measures that will enhance property values in Chesterfield.
Extensively researched the appropriate conservation measures to control the Canadian geese population in Chesterfield.	As directed, Community Services division will work with the Mayor and Council to identify ways to maintain and enhance

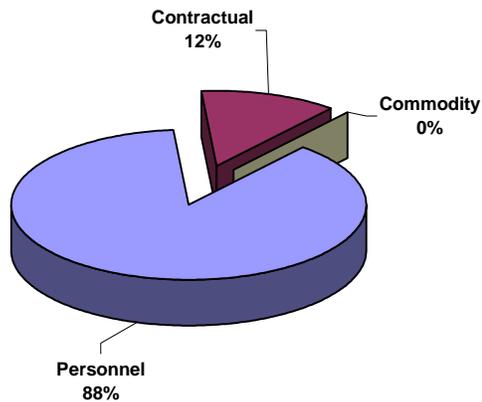

The Parks & Recreation Division will now obtain a city-wide permit to allow residents and businesses to take humane measures to control the geese population.	Chesterfield's property values.
---	---------------------------------

<b>Security – Ensure a responsible and secure environment</b>	
2008 Accomplishments	2009 Goals
Through public relations efforts, the CED Division maintained ongoing communications with the media and stakeholders in the Chesterfield Valley regarding potential flood events throughout the year.	The CED Division will work with local officials to educate residents of any threatening situations that may occur.

## PLANNING AND PUBLIC WORKS DEPARTMENT

The Department of Planning and Public Works is responsible for long and short range planning, review and inspection of new development, enforcement of City code, development and maintenance of the City infrastructure, floodplain management, capital improvements, facility maintenance, and Geographic Information System and mapping services. Below is a brief highlight of the Department’s 2008 accomplishments and 2009 goals that further advance the City’s Mission Statement found on page 12 of this document.

<b>Distinction – Be a City of choice in St. Louis Region to live, work, play and visit</b>	
2008 Accomplishments	2009 Goals
All City maintained streets are free of potholes, and provide a smooth & safe driving surface.	Maintenance crews to view each City maintained street at least once a month and address street problems or other issues in the right of way.
Held training for members of the Planning Commission and City Council regarding land use, plan review, Comprehensive Plan and Zoning Ordinance matters.	Continue to provide education regarding the Comprehensive Plan and Zoning Ordinance.
Worked in cooperation with the City Arborist to perform landscape and tree preservation inspections, and site plan review involving tree preservation and landscape plans	Using the tree manual, continue to enhance landscaping design, increase tree preservation and protect natural open space throughout all development.
Encouraged development to include areas for pedestrian and vehicular transportation and cross access.	Continue to review engineering plans and site plans with a focus on context sensitive design and environmentally conscious design.
Monitored construction activity at 75+ active construction sites for compliance with City ordinances and approved plans. Provided timely and courteous responses to all telephone and e-mail citizen concerns regarding development construction.	Continue to deliver on-site inspection services to ensure quality infrastructure, streets, and buildings.

<b>Partnerships – Forge a sense of community by partnering with residents, businesses, civic organizations and other governments</b>	
2008 Accomplishments	2009 Goals
Held regular meetings with the HBA to discuss new projects, new ordinance requirements, and provide an open forum for questions.	Continue holding regular meetings with the HBA and other community organizations.
Increased communication with St. Louis County to improve coordination of permit approval.	Continue working with St. Louis County to provide more efficient services to residents.

Encouraged petitioners, developers and land owners to meet with Staff for pre-application meetings to assist them through the development process	Continue to provide developers and land owners the opportunity to meet with planners and engineers for pre-application meetings to provide education and assistance through the development process.
---	--

<b>Quality – Provide and seek quality in each area of city services</b>	
2008 Accomplishments	2009 Goals
Provided state of the art repairs & maintenance to City owned Police cars, maintenance trucks and equipment	Mechanics to keep up with the latest technology on repair and maintenance of vehicles and equipment.
Provided facility maintenance services to City Hall and the Public Works Facility so that the buildings and grounds are safe, attractive and functional for the general public, public officials and staff.	Continue to develop and implement work standards, schedules and preventive maintenance programs. Provide training to all Building Attendants so that they can efficiently and effectively perform their duties. Provide facility maintenance services for the newly constructed Parks Administration/Maintenance Facility.
Prioritized requests based upon urgency, importance and time required to perform task. The Public Works Division responded to over 2,200 work orders.	Provide timely response to requests for action.
Increased the use of digital formatting for record keeping of planning projects, distribution of packets, correspondence and notifications.	Continue to work on microfilming all planning and engineering project files.
The Planner of the Day Program has responded to over 1,600 requests.	Continue keeping abreast of the latest planning trends and engineering movements and providing timely response to citizen requests.
Increased the cooperative effort of the Inspectors, Engineers, Code Enforcement and Planners to provide more multi-disciplinary responses for better overall services to citizens.	Expand development project database and record keeping to include information on plan review, zoning, engineering review, inspections, and code compliance
Created tracking spreadsheets for MZAs, Occupancy Permits, and Business License requests.	Continue working to improve the efficiency and turn around time for permit and license reviews.

<b>Activity– Providing and encouraging cultural and recreational activities</b>	
2008 Accomplishments	2009 Goals
Provided support and assistance other City Departments in relation to capital projects.	Create a multi-disciplinary team to address engineering issues, zoning, artwork and architectural design for capital projects.

Encouraged more active and passive recreational areas and pedestrian and bicycle travel for developments.	Continue to work with developers during the development process to increase pedestrian travel, recreational areas, and artwork on site.
---	---

<b>Investment – Maintain and enhance property values</b>	
2008 Accomplishments	2009 Goals
Provide safe travel through the right of way of the city.	Keep trees trimmed for passage through streets and on sidewalks. Keep sidewalks in good condition eliminating trip hazards. Erecting regulatory and street identification signs as needed.
Responded to over 1000 Missouri One Call tickets to determine if pending excavation would be in close proximity to City owned underground utility facilities.	Continue responding to Missouri One Call tickets. By identifying potential conflicts prior to construction, investment in the existing utility system is preserved.
Administered and inspected the Residential Sanitary Sewer Lateral Repair Program, involving repairs to over 95 laterals.	Continue to administer the Residential Sanitary Sewer Lateral Repair Program in an expeditious manner, in order to quickly identify and address defects in the sewer laterals.
Bid and constructed final phase the Old Baxter Road improvement, constructed 2 miles of street reconstruction projects, and replaced 1.75 miles of sidewalks.	Continue to administer the Capital Street and Sidewalk Program.
Worked with Consultant to design improvement to Stablestone/Greentrail Drive North utilizing a federal grant.	Bid and construct improvement to Stablestone/Greentrails Drive North.
Constructed Phase II of the Monarch-Chesterfield Levee Trail. This 2 mile section is located adjacent to Edison Avenue between the Long Road and Baxter Road.	Continue the design and easement acquisition for the remaining 11 miles of the trail system.
Oversaw construction of the Parks Administration/Maintenance Facility at the CVAC.	
Bid and constructed Central Park Road.	Complete construction of Central Park Road.
Worked with Consultants to finalize site Master Plan for Central Park.	Continue to work with the consultant to develop design and construction details and implement Tier 2 improvements at Central Park and at the CVAC.

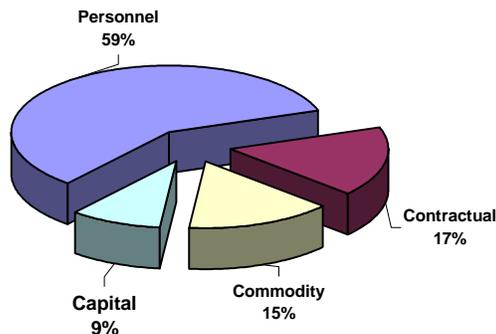

Prioritized infrastructure improvements in Chesterfield Valley and facilitated forward funding to secure installation of critical items. Updated/developed 5-year plan for concrete street construction and asphalt overlays.	Plan and develop infrastructure to support orderly development in the City.
Created ordinance establishing specific guidelines for architectural review of elevations for developments throughout the City.	Continue responding to property maintenance violations and following up with Housing Court summons when necessary
Began working with City Arborist to assist with enforcement of Tree Manual with items such as Tree Preservation and Tree Protection through during construction.	Continue cooperative assistance and review of plans and violations involving trees and vegetation with the City's Arborist.
Reviewed over 800 Municipal Zoning Authorizations.	Work with St. Louis County to streamline the process of MZA review and approval for building permits.
Rezoned over 200 acres of land to commercial, industrial and residential districts	Continue to maintain City standards with professional and responsive code enforcement and plan review.

<b>Security – Ensure a responsible and secure environment</b>	
2008 Accomplishments	2009 Goals
Keep streets clean of obstacles. Responding in a timely manner.	Respond to inclement weather in a pro active way by applying de-icing materials before snow and ice storm reach area. Keep snow plows operating until city maintained streets are clear for safe travel. Remove trees and limbs from right of ways that have been knocked down by storms in a timely manner.
Performed audit of radiation safety program and conducted annual nuclear safety training in compliance with NRC regulations.	Assure compliance with applicable State and Federal regulations.
Began developing traffic model to study current and future conditions within the community to maintain a safe and efficient transportation system.	Implement use of the traffic model to investigate the impacts of various development access proposals on the existing transportation system.
Sent copies of Architectural Review Board submittals to the Police Dept. for review of Crime Prevention through Environmental Design (CPTED)	Continue receiving feedback from the Police Department on CPTED.
Responded to code enforcement matters in a timely fashion.	Continue responding to code enforcement matters and requests for action in a timely manner.

## **SPECIAL REVENUE FUNDS FUND SUMMARY**

The City of Chesterfield utilizes special revenue funds to account for specific revenues that are legally restricted to expenditures for specific purposes. For the 2009 budget, the City has four special revenue funds in place. They are identified and discussed below with their approved budgets following.

The **Capital Improvement Sales Tax Trust** special revenue fund (Capital Sales) is used to account for the accumulation of resources from the one-half cent capital improvement sales tax passed by voters in 1997. The revenues are used to pay for principal and interest payments on R&S I and R&S II series bonds, as well as the City's capital projects for annual infrastructure maintenance.

The **Parks Sales Tax** special revenue fund is used to account for the accumulation of resources from the one-half cent parks sales tax passed by voters in 2004. All parks and recreation activity is tracked in this fund and revenues all make the principal and interest payments on the Parks Bonds issues in 2005 and 2008.

The **Sewer Lateral** fund is used to account for special revenues received which are specifically earmarked for expenditures for repairs to residential sanitary sewer laterals.

The **Police Forfeiture** fund is used to account for special revenues received which are specifically earmarked for the future expenditures in the area of public safety.

## PARKS AND RECREATION DEPARTMENT

The Department of Parks and Recreation is responsible for development and maintenance of the City park systems and recreation programs. The Department includes the divisions of Parks Maintenance Operations, Recreation and Facility Operations, and Natural Resource Operations. Below is a brief highlight of the Department's 2008 accomplishments and 2009 goals that further advance the City's Mission Statement found on page 12 of this document.

<b>Distinction – Be a City of choice in St. Louis Region to live, work, play and visit</b>	
2008 Accomplishments	2009 Goals
All City Beautification ROW's are maintained to a manicured level.	Maintenance crews to view and maintain each City maintained area at least once a week and address problems immediately.

<b>Partnerships – Forge a sense of community by partnering with residents, businesses, civic organizations and other governments</b>	
2008 Accomplishments	2009 Goals
Worked with the Beautification Committee to host the 3rd Annual Garden Tour	Assist in facilitating the work and goals of the Beautification Committee. Implement elements of the Median and Landscape Improvement Plans.
Worked with the CCE in promoting recycling programs, and Earth, Tree and Arbor Day Event.	Continue to work with the CCE in the promotion of recycling programs, as well as the Earth, Tree and Arbor Day Event.
	Work with the PRCAC to coordinate community events.

<b>Quality – Provide and seek quality in each area of city services</b>	
2008 Accomplishments	2009 Goals
Provided facility maintenance services to all facilities within the Parks System, so that the buildings and grounds are safe, attractive and functional for the general public, public officials and staff.	Continue to develop and implement work standards, schedules and preventive maintenance programs. Provide training to all employees so that they can efficiently and effectively perform their duties.
Provided grounds and facility maintenance services to Parks, Rights-of-Ways, and City Hall so that these areas are safe, attractive and creates an inviting environment for the general public and staff to enjoy.	Continue to update and implement the maintenance operation plan for the Parks System that enables the division to institute a high standard of maintenance and operation in the delivery of Park Services.

Prioritized requests based upon urgency, importance and time required to perform task.	Provide timely response to requests for action.
--	---

<b>Activity– Providing and encouraging cultural and recreational activities</b>	
2008 Accomplishments	2009 Goals
Provided a comprehensive community recreation program which included events such as Turkey Trot, 4 <sup>th</sup> of July Celebration, Swim Programs, and Sports.	Continue to plan and implement a comprehensive community recreation program which is cost effective and maximizes existing community resources.

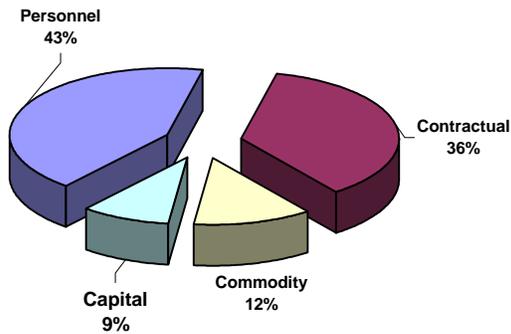

<b>Investment – Maintain and enhance property values</b>	
2008 Accomplishments	2009 Goals
Made enhancements to the CVAC which has provided additional parking, sidewalks, restrooms, concessions, lighting, landscape, and bleacher covers.	Move forward with Phase Two improvements at the CVAC. These improvements shall include utilities, parking, and additional fields.
Worked with Consultants to develop site Master Plan for Central Park	Continue to work with the consultant to develop design and construction details and implement Phase Two improvements.
Worked with Consultants to develop Design and Construction details for the Family Aquatic Center.	Implement on-going maintenance and upkeep of the facility.
Worked with Consultants to develop site Master Plan, Land Acquisition/Easements for the Levee Trail.	Continue to work with the consultant in acquiring easements and implement Stage 3 of the Trail.

<b>Security – Ensure a responsible and secure environment</b>	
2008 Accomplishments	2009 Goals
Keep all park areas and ROW's clean of obstacles. Responding in a timely manner.	Respond to inclement weather in a pro active way by applying de-icing materials before snow and ice storm reach area. Keep snow plows operating until city maintained streets are clear for safe travel. Remove trees and limbs from right of ways that have been knocked down by storms in a timely manner.

## **CAPITAL PROJECT FUNDS FUND SUMMARY**

The City of Chesterfield utilizes capital project funds to account for the acquisition and construction of major capital facilities other than those financed by proprietary and trust funds. The City will utilize three separate capital project funds in 2009. Each is discussed briefly below.

The **Chesterfield Valley Special Allocation Fund** is focused on completing infrastructure and transportation projects in the Chesterfield Valley as well as Levee Match projects and miscellaneous legal.

The **Parks Construction Fund** is used to account for financial resources from the 2005 Parks Bonds issue. These funds were designated for the purchase of additional parks land and the construction of several new capital assets.

The **Parks Construction Phase II Fund** is used to account for financial resources from the 2008 Parks Bonds issue. These funds were designated for the initial phase of construction of several new capital assets.

### General Obligation Bonds

**Definition** - General obligation bonds are backed by the full faith and credit of a jurisdiction. General obligation bonds are payable from ad valorem property taxes and other general revenues.

**Debt Limitations** - Bonded indebtedness is limited by Sections 95.115 and 95.120 of the Missouri Revised Statutes (1986) to 10% of the assessed value of taxable tangible property.

**Existing Debt** - The City's outstanding general obligation debt as of December 31, 2008 was

\$5,255,000 for Parks bonds dated 2008 refunding May 19, 1998 general obligation bonds, \$10,770,000 for street and sidewalk improvement bonds dated May 1, 1999, and \$17,165,000 for street and sidewalk refunding bonds dated 2005 for a total of \$33,190,000. The debt service schedules are shown pages 74 and 75..

**Debt Burden** - Chesterfield's outstanding general obligation debt is well within statutory limits. Based on the City's 2008 assessed valuation of \$1,942,764,073 the City's legal debt margin is \$194,276,407. The City reviews each potential issue of debt either in-house or through an independent financial advisor on a case-by-case basis.

**Bond Rating** – Chesterfield’s general obligation bonds have an Aa1 rating from Moody’s Investors Services.

## **Certificates of Participation**

**Definition** - Certificates of Participation are securities that represent a share of an issuer's lease payment. When a municipality finances a public facility through a lease-purchase transaction, the interest in that government's lease payment often is assigned to a third party that issues Certificates of Participation. The Certificates represent a share of the lease payment received by the investor.

**Debt Limitations** - There are no statutory limits on Certificates of Participation. These obligations are not considered debt under state law and are subject to annual appropriations by the Mayor and City Council.

**Existing Debt** - The City began a Master Lease Program funded through the sale of Certificates of Participation for the construction of a Public Works Facility. On August 1, 1995, the City issued \$2,950,000 in Certificates of Participation. The City did a current refunding of this debt on November 19, 2002 in order to take advantage of the low interest rate environment. The City's outstanding debt related to the issue as of December 31, 2008 was \$1,345,000.

The City issued \$17,565,000 in Certificates of Participation to fund the acquisition of land and the construction of City Hall on April 15, 2000. The City did a current refunding of this debt on August 30, 2004 in order to take advantage of the low interest rate environment. The City's outstanding debt related to the issue as of December 31, 2008 was \$14,600,000.

On January 27, 2005, the City issued \$25,710,000 in Certificates of Participation to fund acquisition of Park land and Parks improvements. The City's outstanding debt related to the issue as of December 31, 2008 was \$24,215,000.

In 2008, the City issued \$4,720,000 in Certificates of Participation to fund parks construction phase II. The City's outstanding debt related to the issue as of December 31, 2008 was \$4,720,000.

**Debt Burden** - As noted above, there is no statutory limitations for Certificates of Participation. As is the case with general obligation bonds, the City reviews each potential issue of debt either in-house or through an independent financial advisor on a case-by-case basis.

**Bond Rating** – Chesterfield's Certificates of Participation have an Aa2 rating from Moody's Investors Services.

## MISCELLANEOUS STATISTICAL AND DEMOGRAPHIC DATA

Date of Incorporation as a third class city.....	June 1, 1988
Form of government.....	Mayor/Council/City Administrator
Area.....	32 square miles
Miles of streets maintained by City.....	170
Miles of sidewalks maintained by City.....	275
Police protection:	
Number of full-time employees.....	99
Commissioned officers.....	89
Other full-time employees.....	10
Police Station.....	1
Total employees, full-time.....	238

**Fire protection:**

The City's coverage is provided by two districts:  
Metro West Fire Protection District  
Monarch Fire Protection District

The City is served by the Parkway and Rockwood School Districts.

The City's electricity is supplied by Ameren UE Company; natural gas is supplied by Laclede Gas Company; water is provided by Missouri-American Water Company; sewer service is provided by Metropolitan St. Louis Sewer District. All four of the aforementioned companies are publicly held utilities.

The libraries serving the City of Chesterfield are the Daniel Boone, Samuel C. Sachs and the Thornhill branches of the St. Louis County Library System.

**Population:**

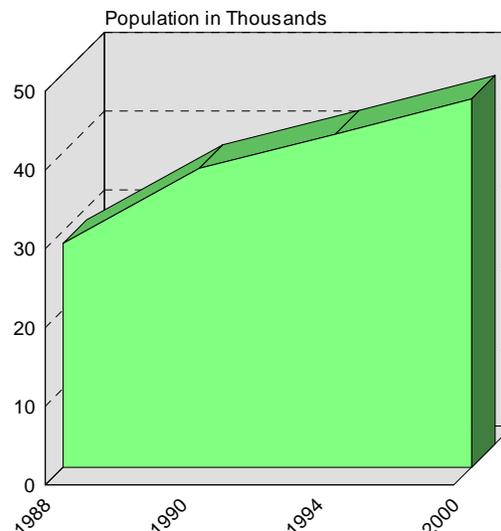

1988	28,436
1990	37,990
1994	42,325
2000	46,802

**Median family income:**

1986	\$ 61,800
2000	\$102,987

**Per capita income:**

1979	\$ 12,686
1987	\$ 21,912
2000	\$ 43,288

*\*Chesterfield locations only*

The City of Chesterfield was incorporated in 1988 and covers approximately 32 square miles in suburban St. Louis County. The City is a thriving residential and business community.

Twenty-two miles from downtown St. Louis, the City of Chesterfield is located on the western edge of the St. Louis County metropolitan area. Six-lane I-64 (U.S. Hwy. 40) connects the City with the Mississippi and Missouri waterfronts. A network of other roadways serves the community providing access to work schools, churches, shopping, the State of Missouri and St. Louis County parks.

Additional information on the City of Chesterfield can be obtained on the City's website:  
[www.chesterfield.mo.us](http://www.chesterfield.mo.us).

**PRESS RELEASE**  
**FOR IMMEDIATE RELEASE – DECEMBER, 1, 2008**  
**PROPOSED FISCAL YEAR 2009 BUDGET HIGHLIGHTS**

**Introduction**

As provided by City ordinances, the City Administrator will submit the proposed budget for Fiscal Year 2009 (FY2009) to City Council at a Public Hearing scheduled for 6:30 p.m. on Monday, December 1, 2008. This proposed budget reflects changes approved by City Council, during a Finance and Administration “Committee-of-the-Whole” budget workshop, on November 17<sup>th</sup>, which was called specifically to discuss and finalize the proposed budget.

**Year-end projections – FY2008 Budget – General Fund**

During the budget preparation process, the City Administrator worked with Staff to develop firm projections regarding 12/31/08 totals, for both revenues and expenditures. The FY2008 General Fund Budget, adopted by City Council, in December of 2007, projected General Fund revenues to total \$20,021,076. As of 12/31/08, Staff projects revenues to total \$22,379,130, or 11.8% above original projections. This increase is due almost exclusively to the successful conclusion to litigation involving the wireless telephone industry, the impact from which is discussed below. General Fund expenditures were projected to total \$18,702,657. Currently, we estimate that expenditures will total \$18,735,135, which is .002% above original projections. However, subtracting out expenditures for the Monarch-Chesterfield Levee Trail, for which the General Fund was reimbursed by a grant received from the Great Rivers Greenway District and the Valley T.D.D. (“dollars in – dollars out”), total expenditures were actually 2.4% below budget.

**Wireless Settlement**

As a partner with a consortium of other cities across Missouri, Chesterfield has actively pursued taxation of wireless phone company revenues, initially through negotiation and/or State legislation and, ultimately, through litigation. Since 1999, revenue from the City tax on telephone services has dropped dramatically, as residents and businesses increasingly switched to cell phones for a majority of their phone service needs and. Until late-2007 and early-2008, cell phone companies had refused to pay the applicable City tax, on these revenues. Verizon Wireless became the first wireless company to announce settlement of all pending litigation in late-2007. AT&T, Sprint/Nextel and US Cellular followed Verizon’s lead and settled, early in 2008. As a result, during FY2008, Chesterfield received \$1,470,645 in back taxes, from these companies, and monthly revenues, totaling \$1,219,427.

**FY2009 General Fund Budget – Projected Revenues**

General Fund revenues are estimated to total \$20,430,068 for Fiscal Year 2009. Revenues from sales tax and utility gross receipts taxes represent 30% and 32%, respectively, of the City’s total revenue. Intergovernmental revenues, including motor fuel taxes, motor vehicle sales taxes, cigarette taxes, road and bridge taxes, and other grant sources represent 22% of the City’s total revenues. The remaining 16% is made up of licenses and permits (6%), and other miscellaneous sources (10%).

Revenue projections for FY2009 are actually 8.7% below our proposed receipts, as of 12/31/08. This is largely due to the receipt of one-time payments for “back-taxes”, by the

wireless companies listed above, during FY2008. A more “apples to apples” comparison shows that we are actually forecasting a modest increase in revenues, during FY2009, of 2% above the adopted FY2008 budget. While projected annual revenues from wireless companies are significant, they are off-set, somewhat, by lowered sales tax projections. Sales tax projections, for FY2009, have been reduced to \$6,063,313, which is 3.4% below our 12/31/08 projections of \$6,272,578 and 9% below the amount contained within the original FY2008 Budget, of \$6,659,501. While 30% of the City’s revenues are derived from retail sales taxes, it is important to point out that Chesterfield is not a “point-of-sale” city and, therefore, does not realize a direct sales tax benefit from the growth in retail development in Chesterfield. Instead, the sales tax from Chesterfield retail establishments is “pooled” with other cities and unincorporated areas of St. Louis County into a county-wide sales tax pool and then divided among those areas, on the basis of population. Although Chesterfield has experienced growth in retail sales within its borders, the overall sales tax “pool” is actually down from the previous year. It is for this reason, and given the current uncertainty in the economy, 2009 revenues were projected with a conservative approach. If Chesterfield were a “point-of-sale” city rather than a “pool” city, its revenues (without sharing) would currently be approximately \$6 million more than is reflected in the proposed budget. **Currently, the City loses 49% of its sales tax revenue to the “pool”.**

We are projecting no growth in revenues from motor vehicle sales taxes or motor fuel sales taxes.

A portion of the City’s revenues is based on its assessed valuation. Chesterfield has experienced dramatic growth in assessed valuation over its twenty years of existence. Nine years ago, the City’s assessed valuation rose to just over \$1 BILLION. **This year, our total assessed valuation has increased to just under \$2 BILLION, or \$1,942,764,073.** This assessed valuation is the highest of all cities in St. Louis County. The City of Chesterfield has more than doubled its assessed valuation since the City was founded in 1988.

It is surprising to many people to realize that this assessed valuation, while clearly reflecting all of the growth in the value of property in Chesterfield, contributes very little to the City’s General Fund revenue. In 1994, with the passage of a City bond issue for parks and recreation, a property tax of \$.13/\$100 of assessed valuation was approved by the voters. Due to the overall growth in total assessed valuation, over the years, that tax has been reduced by the Mayor and City Council. In 2008, the Chesterfield City Council lowered the property tax rate of \$.06/\$100 by 50% to its current level of \$.03/\$100 of assessed valuation. This reduction to the property tax rate is a direct result of the City’s excellent financial condition. Funds generated by that property tax can only be used for debt service on that original bond issue. None of that revenue can be used to cover the costs of operation and maintenance of the City’s many recreation facilities.

Further, Chesterfield, unlike other cities, is not financed by a general revenue property tax. The only portion of the tax levied on property within the City of Chesterfield and paid by its residents, which goes directly to the City of Chesterfield, is the \$.03/\$100, which is used exclusively to pay the parks and recreation bond issue debt. **This represents less than one-half of one percent (1/2 of 1%) of the average property tax bill in Chesterfield.**

### **FY2009 Budget – Projected Expenditures**

The general fund budget for fiscal year 2009, excluding operating transfers out, reflects total estimated expenditures of \$19,193,769. This number is comprised of operating expenses and capital equipment purchases for the various departments of the City. Including net operating transfers, of \$1,236,299, General Fund expenditures will total \$20,430,068. “Operating

transfers” include debt service payments for our City Hall and Public Works Maintenance Facility and additional minor transfers. Projected expenditures represent an increase of 2.4%, over FY2008.

The City’s two largest areas of operation, Police and Public Works, comprise the majority of all operating expenditures, totaling a combined 83.4% of the proposed budget (excluding transfers out). The Police budget, at \$8,388,016, represents 43.7% of the budget and the Public Works budget at \$7,612,319, represents 39.7% of the budget. In descending order, other expenditures are as follows:

Customer Service/ Central Services	\$ 1,378,718	7.2%
Finance & Administration	\$ 1,236,850	6.4%
City Administrator/Economic Develop.	\$ 493,468	2.6%
Executive/Legislative	\$ 84,398	0.4%

Capital equipment purchases in the General Fund total \$1,063,090 for the various departments of the City.

The proposed General Fund budget includes the addition of (1) one Equipment Maintenance Mechanic. The goal by City Council was to maintain all current service levels and this proposed budget meets that goal.

### **Fund Reserves**

Total General Fund reserves are expected to equal \$14,476,434 by December 31, 2009. Representing just over 70% of total General Fund expenditures, this amount more than meets the City Council goal of total fund reserves of at least 40%. Fund reserves, while higher than normal at the present, are needed during challenging economic times such as these to ensure that the City can continue to meet its commitment to provide quality services to residents. These funds can only be spent as approved by City Council.

### **Year-end projections – FY2008 – Parks Sales Tax Fund**

The passage of Proposition P, in November 2004, resulted in the creation of a Parks Sales Tax Fund, which now funds all parks and recreation activities. The Parks Fund is supported by a ½-cent sales tax and, unlike the General Fund Sales Tax, the city receives 100% of the revenue from this tax. Staff projections for 12/31/08, indicate total revenues of \$7,392,382, which are approximately 5.3% below original budget projections, due largely to lower than projected revenues from sales tax resulting from the TIF Closure and the negative impact of bad weather upon the operations of our recreational facilities. Total expenditures, as of 12/31/08, are projected to be 10% below budget.

### **FY2009 – Parks Sales Tax Fund – Projected Revenues**

During FY2009, the Parks Sales Tax is estimated to generate approximately \$6,276,005. This represents a slight increase of 1%, over our 12/31/08 projections, but a reduction of 6.1%, when compared to the FY2008 Budget. During FY2009, total revenues are projected to be \$7,329,534 (\$6,276,005 - sales tax + \$1,053,529 - other revenues). “Other revenues” includes \$974,692 in revenue from recreation facilities, like the Family Aquatic Center and \$78,837 in

projected interest earnings. Total revenues projected for FY2009 represents a slight decrease of less than 1%, below FY2008.

### **FY2009 – Parks Sales Tax Fund – Projected Expenditures**

FY2009 expenditures are projected to total \$7,329,534 (\$4,612,179 for the operating budget, \$2,669,679 in debt service payments and a transfer of \$47,676 to the General Fund for Parks Maintenance Building personnel). As approved by City Council, in late-2008, PHASE TWO of the Parks Plan will be implemented during FY2009 and \$1 million has been allocated for debt service on the projected issuance of approx. \$14.3 million. PHASE TWO is projected to fund the construction of approximately \$16.5 million in new projects, at Central Park and the Chesterfield Valley Athletic Complex.

The FY2009 budget contains funding for three (3) full-time positions: (1) Recreation Specialist and (2) Maintenance Workers and (2) seasonal workers. This budget also includes \$370,351 in capital equipment expenditures.

### **Fund Reserves**

This “Fund” began FY2008 with total fund reserves of \$4,356,609. In 2008, a transfer of \$2,812,705 was made to help fund the construction of a parks Administration and maintenance Facility and additional improvements to Central Park, in addition to regular debt service payments, totaling just over \$1.6 million. The Parks Administration and Maintenance Facility is scheduled for completion in December 2008. As a result, all capital projects, to be funded by Proposition “P”, approved by our residents in November, 2008, have been completed or are under contract. Fund Reserves, for this fund, are now projected to total \$3,589,621, as of 12/31/09.

### **Year-end projections – FY2008 Budget – Capital Improvements Sales Tax Fund**

In conjunction with a \$30 million bond issue, approved by the voters of Chesterfield in 1996, for improvements to public rights-of-way, voters also approved a ½-cent sales tax for capital improvements, which provides all revenue for this fund. These funds, however, cannot be used for any other purpose and cannot supplement the City’s General Fund. The City receives 85% of the revenue from this tax (see below). Revenue projections, as of 12/31/08, are expected total \$5,616,444 from sales tax, or approximately 4.2% below budget, due largely to lower than projected revenues from sales tax resulting from the TIF Closure. Expenditures, as of 12/31/08, are expected to total \$5,231,832, on various capital construction projects, citywide. This amount is approximately 4.5% below budget. This fund began the year with Fund Reserves totaling \$843,340 and, including transfers in/out, for debt service, etc., Fund Reserves are expected to total \$277,998, as of 12/31/08.

### **FY2009 – Capital Improvement Sales Tax Fund – Projected Revenues/Expenditures**

This ½-cent sales tax funds most projects noted below, as well as annual debt service payments, on that \$30 million bond issue, which, for FY2009 are projected to total \$1,994,065. In FY2009, revenues are projected to total approximately \$6,794,550, which includes \$5,570,594 in sales tax, interest income totaling \$5,956 and \$1,218,000 in grant funds, for the Stablestone/Greentrails project. Even though both the Parks Sales Tax Fund and this fund are supported by a ½ cent sales tax, the amount captured by this fund is less than the annual amount to be realized by the Parks Sales Tax Fund, due to a statutory requirement that the City “share” fifteen (15%) percent of the total with the St. Louis County sales tax pool.

Proposed expenditures, of \$5,078,484 for Fiscal Year 2009 are significant. The various projects to be funded include the following:

Capital improvement projects citywide	\$ 2,325,000
Stablestone/Greentrails project	\$ 1,740,000
Sidewalk replacements	\$ 235,000
Misc. contractual (crack sealing)	\$ 140,000
Asphalt overlays	\$ 125,000
Salt spreader racks at PW facility	\$ 75,000
Trench grates and joint repair	\$ 50,000

Personnel expenditures in the Capital Improvement Sales Tax Fund total \$178,484 which includes the salary and fringe benefits for two full time employees. Professional Services total \$210,000 which is primarily for inspection fees.

### **Summary**

As detailed above, the City of Chesterfield has taken a conservative approach to its budget, for FY2009, due to the unsettled nature of the economy and its potential impact upon revenues, in all funds. However, this proposed budget reflects the commitment of our elected officials to maintain the level and quality of all services provided by the City and, due to their fiscally-conservative leadership, the City remains in an excellent position fiscally.

City Administrator

RESOLUTION # 352

**A RESOLUTION ADOPTING THE BUDGET FOR THE CITY OF CHESTERFIELD FOR THE YEAR BEGINNING ON JANUARY 1, 2009 AND ENDING ON DECEMBER 31, 2009.**

**WHEREAS**, the City of Chesterfield has adopted an ordinance providing for a fiscal year which begins on January 1 of each year and ends on December 31 of each year, and

**WHEREAS**, the City of Chesterfield, by ordinance, has directed the City Administrator to prepare a proposed budget, and

**WHEREAS**, the City has held a public hearing with regard to the adoption of the budget for the year beginning January 1, 2009 and ending December 31, 2009,

**NOW THEREFORE BE IT RESOLVED THAT THE CITY OF CHESTERFIELD** adopts the attached budget as its budget for the fiscal year beginning January 1, 2009 and ending December 31, 2009.

Passed and adopted this 1<sup>st</sup> day of December 2008.

  
Mayor

ATTEST:

  
City Clerk

## GLOSSARY AND ACRONYMS OF FREQUENTLY USED TERMS

**Account Number** - A numerical code identifying revenues and expenditures by fund, department, activity, type and object.

**Accounting Period** - See **Fiscal Period**.

**Accrual Basis** - The recording of the financial effects on a government of transactions and other events and circumstances that have cash consequences for the government in the periods in which those transactions, events and circumstances occur, rather than only in the periods in which cash is received or paid by the government.

**Activity** - One of the tasks, goals, etc., of a departmental program.

**Ad Valorem Tax** - A tax based on value.

**Agency Fund** - A fund normally used to account for assets held by a government as an agent for individuals, private organizations or other governments and/or other funds.

**Amended Budget** - Refers to the budget approved by the City Council, as most recently amended.

**Annual Budget** - A budget applicable to a single fiscal year. See **Budget** and **Operating Budget**.

**Appropriation** - An authorization granted by the City Council to make expenditures and to incur obligations for purposes specified in the Budget.

**Assessed Valuation** - A value set on real estate or other property as a basis for levying taxes. The assessed valuation is set by the County Assessor, who is charged with determining the taxable value of property according to a formula set by the State of Missouri.

**Asset** - A comprehensive plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them.

**Basis of Accounting** - A term used to refer to when revenues, expenditures, expenses, and transfers and the related assets and liabilities are recognized in the accounts and reported in the financial statements.

**Beginning Fund Balance** - Fund balance available in a fund from the end of the prior year, for use in the following year.

**Bond** - A written promise to pay a specified sum of money at a specified date in the future together with periodic interest at a specified rate.

**Bonded Debt** - The portion of indebtedness represented by outstanding bonds.

**Budget** - A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them.

**Budget Calendar** - The schedule for completion of the various phases in the preparation of the budget, the calendar begins with the preparation of the budget forms and ends with the implementation of the budget.

**Budget Document** - The instrument used by the budget-making authority to present a comprehensive financial program to the appropriating government body.

**Budget Message** - The opening section of the budget which provides City Council and the public with a general summary of the most important aspects of the budget, changes from previous years and the recommendation of the City Administrator.

**Budgetary Control** - The control or management of a government or enterprise in accordance with an approved budget to keep expenditures within the limitations of available appropriations and revenues.

**Capital** - An expenditure for a good that has an expected life of more than one (1) year and the cost of which is in excess of \$5,000. Capital items include real property, office equipment, furnishings and vehicles.

**Capital Improvement Program** - See **Capital Program**.

**Capital Improvement Sales Tax Trust Fund** - A special revenue fund used to account for the accumulation of resources from the one-half cent capital improvement sales tax, which is used to pay for principal and interest payments on the general obligation bonds (Series 1997) issued for street and sidewalk improvements.

**Capital Program** - A plan for capital expenditures to be incurred each year over a fixed period of years to meet capital needs arising from the long-term work program or other capital needs. It sets forth each project or other contemplated expenditures in which the government is to have a part and specifies the resources estimated to be available to finance the projected expenditures.

**Capital Projects Fund** - A fund that is used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds).

**CDBG** - Community Development Block Grant; a flexible program that provides communities with resources to address a wide range of unique community development needs. Community Development Block Grant;

**CCDC** - Chesterfield Community Development Corporation; the City of Chesterfield's industrial development authority.

**Certificate Payment Fund** - A fund used to account for the accumulation of resources for, and the

payment of, general long-term debt principal and interest payments on the Public Works Facility Certificates of Participation Series 1995.

**Certificates of Participation (COPS)** - Securities which represent a share of an issuer's lease payment. When a municipality finances a public facility through a lease-purchase transaction, the interest in that government's lease payment often is assigned to a third party that issues Certificates of Participation. The Certificates represent a share of the lease payment received by the investor.

**Contingency** - An appropriation of funds to cover unforeseen events that occur during the Fiscal Year, such as flood emergencies, extraordinary snowstorms, etc. (also used to meet revenue shortfalls). Funds are transferred to other budgetary accounts as authorized by the City Council.

**Contractual Service** - An expenditure for services performed by a non-employee. For example: Legal services, Utilities, insurance.

**COPS** – See Certificates of Participation.

**Chesterfield Valley Tax Increment Financing Fund (Chesterfield Valley TIF Fund)** - A capital projects fund used to account for all revenues and expenditures related to redevelopment in Chesterfield Valley.

**Debt Limit** - The maximum amount of outstanding gross or net debt legally permitted.

**Debt Service Fund** - A fund used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest payments on the General Obligation Parks Bond Issue Series 1995.

**Deferred Revenue** - Amounts for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met. Under the modified accrual basis of accounting, amounts that are measurable but not available are one example of deferred revenue.

**Department** - The Department is the primary unit in city operations. Each unit is managed by a Department Head. Departments are generally composed of divisions and programs which share a common purpose or which perform similar duties.

**Encumbrance** - Commitments related to unperformed contracts for goods or services.

**Expendable Trust Fund** - A trust fund whose resources, including both principle and earnings, may be expended. Expendable trust funds are accounted for in essentially the same manner as governmental funds.

**Expenditure** - An expenditure is a decrease in net financial resources. This includes current operating expenses requiring the present or future use of current assets.

**FEMA** – Federal Emergency Management Agency; Part of the U.S. Department of Homeland Security (DHS). The Federal Emergency Management Agency reduces the loss of life and property

and protects the Nation from all hazards, including natural disasters, acts of terrorism, and other man-made disasters, by leading and supporting the Nation in a risk-based, comprehensive emergency management system of preparedness, protection, response, recovery, and mitigation.

**Fiscal Period** - Any period at the end of which a government determines its financial position and the results of its operations. See **Accounting Period**.

**Fiscal Year** - The twelve month period on which the city operates its financial affairs. The City of Chesterfield's fiscal year is January 1 through December 31.

**Franchise** - A special privilege granted by a government permitting the continued use of public property, such as city streets, and usually involving the elements of monopoly and regulation.

**Fringe Benefits** - Fringe benefits include the City's contribution to Social Security, Medicare, workers compensation, health insurance, life insurance, disability insurance, and the City's pension plan.

**Fund** - A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources which are segregated for the purpose of carrying on specific activities or attaining certain objectives.

**Fund Balance** - The equity of a fund. Oftentimes incorrectly referred to as "surplus." Each fund begins each year with a positive or negative fund balance.

**GAAP** - See Generally Accepted Accounting Principles.

**GASB** – see Governmental Accounting Standards Board.

**General Fund** - A fund used to account for all financial resources, except those required to be accounted for in another fund. The operating fund of the City.

**General Obligation Bonds** - Debt backed by the full faith and credit of a jurisdiction. General obligation bonds are payable from ad valorem property taxes and other general revenues.

**Generally Accepted Accounting Principles (GAAP)** - Uniform minimum standards and guidelines for financial accounting and reporting. They govern the form and content of the financial statements of an entity. GAAP encompass the practice at a particular time. They include not only broad guidelines of general application, but also detailed practices and procedures. GAAP provide a standard by which to measure financial presentations. The primary authoritative body on the application of GAAP to state and local governments is the GASB.

**GFOA** - Government Finance Officers Association of the United States and Canada; An association to enhance and promote the professional management of governments for the public benefit by identifying and developing financial policies and practices and promoting them through education, training and leadership.

**GO Bonds** – see General Obligation bonds.

**Governmental Accounting Standards Board (GASB)** - A board that establishes and improves standards of state and local governmental accounting and financial reporting that will result in useful information for users of financial reports and guides and educates the public, including issuers, auditors, and users of those financial reports--setting body for government entities.

**Governmental Fund Type** - Funds used to account for the acquisition, use and balances of expendable financial resources and the related current liabilities except those accounted for in proprietary funds and fiduciary funds.

**Intergovernmental Revenues** - Revenues from other governments, primarily Federal, State and County grants, but also includes payments from other taxing jurisdictions.

**Investments** - Most commonly, securities held for the production of revenues in the form of interest. The term does not include fixed assets used in government operations.

**Levy** - The total amount of taxes, special assessments or service charges imposed by a government.

**Line Item** - An individual expenditure category listing in the budget (salary, supplies, etc.).

**Modified Accrual Basis** - The basis of accounting adapted to the governmental fund type. This basis measures resources available to the City.

**Municipal** - In its broadest sense, an adjective denoting the state and all subordinate units of government. In a more restricted sense, an adjective denoting a city or village as opposed to other local governments.

**Notes Payable** - In general, an unconditional written promise signed by the maker to pay a certain sum of money on demand or at a fixed or determinable time either to the bearer or to the order of a person designated therein.

**Object** - The smallest unit of budgetary accountability and control. For example: Regular Salaries, Postage, Equipment Rental.

**Operating Budget** - Plans of current expenditures and the proposed means of financing them. The annual operating budget is the primary means by which most of the financing, acquisition, spending and service delivery activities of a government are controlled.

**Operating Expenses/Expenditures** - The annual budget which provides a financial plan for the operation of government and the provision of services for the year. Excluded from the operating expenses are capital equipment and capital projects which are determined by a separate but interrelated process.

**Ordinance** - A formal legislative enactment by the governing board of a municipality.

**Other Financing Sources** - Governmental fund general long-term debt proceeds, amounts equal to the present value of minimum lease payments arising from capital leases, proceeds from the sale of general fixed assets.

**Parks Sales Tax Fund** - A special revenue fund used to account for the accumulation of resources from the one-half cent parks sales tax passed in 2004 and effective April 2005. All parks and recreation activity is tracked in this fund.

**Parks Construction Fund** - A capital projects fund used to pay for the acquisition of land for parks and capital improvements to parks funded with the Parks General Obligation Bond Issue Series 1995.

**Per Capita** - By or for each person.

**Personnel Services** - All costs associated with employee compensation. For example: salaries, pension, health insurance.

**P.O.S.T.** - Police Officer Standards and Training; An academy that provides citizens with ethical, physically and psychologically competent, well educated, professionally trained, career oriented, motivated peace officers who are sensitive to the needs of the public.

**PRACAC** - Parks, Recreation & Arts Citizens Advisory Committee; a committee to assist in the development and implementation of a comprehensive parks and recreation program.

**Program** - A budgetary unit which encompasses specific and distinguishable lines of work performed by an organizational entity. For example: Police Administration, Street and Sewer Maintenance, Central Services.

**Proposed Budget** - The recommended City budget submitted by the City Administrator to the City Council.

**Propositions R&S** - Propositions placed on the November 1996 ballot for the passage of a one-half percent capital improvement sales tax and the passage of \$29,350,000 general obligation bonds for street (road) and sidewalk improvements. See **R&S**.

**Public Works Facility Construction Fund** - A capital projects fund used to account for the construction of a Public Works Facility funded with Public Works Facility Certificates of Participation Series 1995.

**R&S** - Propositions placed on the November 1996 ballot for the passage of a one-half cent capital improvement sales tax and the passage of \$29,350,000 general obligation bonds for street (road) and sidewalk improvements. See **Propositions R&S**.

**R&S Construction Fund** - A capital projects fund used to account for the capital improvements to streets and sidewalks funded under Propositions R&S.

**Refunding** - Refund or refinance of debt for a variety of reasons, most frequently to take advantage of more favorable interest rates. In other cases, debt is refinanced to change the structure of debt service payments or to escape unfavorable bond covenants.

Advance Refunding - Refunding by taking proceeds of new debt and placing them in an escrow account that is subsequently used: to meet periodic principal and interest payments until call date or maturity; to pay the call premium (if redemption is at call date); and to redeem debt at call date or maturity. The City did advance refunding on the 1995 Parks bond issue in 1998 to take advantage of the low interest rates and saved nearly \$800,000 over the life of the original debt. This refunding result in “bond defeasance.”

Current Refunding - Refunding by paying off bondholders directly with proceeds of refunding debt. The situation may occur when refinancing takes place after the call date or at the debt’s maturity. The City did current refunding on Certificates of Participation for the construction of the Public Works Facility in 2002 and realized over \$240,000 in savings.

**Reporting Entity** - The oversight unit and all of its component units, if any, that are combined in the comprehensive annual financial report and general purpose financial statements.

**Resolution** - An informal establishment of policy by the governing board of a municipality.

**Revenue** - An increase in fund balance caused by an inflow of assets, usually cash.

**Special Revenue Fund** - A fund used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditure for specific purposes. GAAP only require the use of special revenue funds when legally mandated.

**Statute** - A written law enacted by a duly organized and constituted legislative body.

**Tax Increment Financing** - Financing secured by the anticipated incremental increase in tax revenues, resulting from the redevelopment of an area.

**Taxes** - Compulsory charges levied by a government to finance services performed for the common benefit.

**Third Class City** - All cities and towns in the State of Missouri containing three thousand or more inhabitants, not having adopted its own charter form of government.

**TIF** - Tax Increment Financing; a tool which has been used for redevelopment and community improvement projects.

**Transfer** - A transfer is a movement of monies from one fund, activity, department, or account to another. This includes budgetary funds and/or movement of assets.

**Trust Fund** - Funds used to account for assets held by a government in a trustee capacity for individuals, private organizations, other governments and/or other funds.

**User Charge** - The payment of a fee for direct receipt of a public service by the party benefiting from the service.

**Work Order** - A written order authorizing and directing the performance of a certain task and issued to the person who is to direct the work. Among the items of information included on the order are the nature and location of the job, specifications of the work to be performed and a job number, which is referred to in reporting the amount of labor, materials and equipment used.
