RE: Financial Update

The following is a brief update of City finances through November 14, 2022.

Prior to providing the current revenue figures, it is important to remind readers that this financial update is being reported on a cash basis. While the City's revenue comes from a variety of sources, the dominant source is sales tax and there is generally a two-month lag between the "sale" and the "receipt". In short, that means that the revenues the City actually receive in the month of November which are reflected in this report and analysis as November 2022, are generally reflective of consumer spending which occurred in September. However, even that is significantly influenced by the timing of retailer reports. *We continue to monitor the impacts of the modifications implemented by the Missouri Department of Revenue with regards to reporting deadline requirements.*

As a reminder, the expected monthly budget proportions are estimated based on an estimated pro-rata share of the annual budget figure, taking into account the prior five-year monthly average; however, the receipts are heavily dependent on actual reporting practices of retailers. In short, know that you should not rely on any individual month's receipts in an analysis as history demonstrates that these monthly values are volatile and heavily impacted by the timing of reporting. Any analysis of our revenue reporting must be tempered with this understanding.

The sales tax receipts received in November for all funds are above 2022 budget expectations for the month by an average of 61.61% (\$932k) on a cash basis. This month we received a \$350k correction to the Pooled Sales Tax receipts which demonstrates the volatility of the monthly reporting. In addition, due to inflation, retail prices have increased resulting in an increase in sales tax revenues this year. Sales tax receipts for all funds year to date exceed 2022 budget expectations by an average of 16.43% (\$3,194k) and higher than 2021 by an average of 13.04% (\$2,611k) on a cash basis.

The Pooled Sales Tax receipts received in November 2022 were \$1,100,350, 122.61% (\$606k) above budget. This includes a \$350k correction for a prior calculation and distribution error by St. Louis County. We are ahead of the 2022 year to date budget expectations (\$1,301k), or 20.88% on a cash basis.

The Pooled Sales tax collections for the General Fund were 90.11% (\$522k) higher than in November 2021, and ahead of 2021 actual year to date revenues by 17.39% (\$1,115k) on a cash basis.

2022 Public Safety year to date receipts (Prop P) of \$2,669,435 exceed 2022 budget expectations by 12.41% (\$295k) on the cash basis, and above 2021 actual revenues by 10.25% (\$248k).

In combination, the General Fund sales tax revenues (Pooled Sales tax and Public Safety Prop P revenues) exceed 2022 budget expectations by 18.54% (\$1,595k). The budgeted revenues were conservative, and we are ahead of 2021 actual revenues by 15.43% (\$1,363k). As mentioned previously, the timing and proportions of both the receipts and budget have proven to be inconsistent from year to year.

Parks Sales tax collections for the year (\$6,721,843) are ahead of the 2022 budget by 14.75% (\$864k) and are above 2021 revenues by 11.15% (\$674k). The Capital Sales tax collections for 2022 (\$5,713,622) are above the 2022 budget expectations by 14.75% (\$734k) and above 2021 revenues by 11.15% (\$573k). The same caveats discussed for the pooled revenues apply to these revenue sources.

As stated in previous monthly financial reports, revenues from online sales is not new revenue, but recovery of prior revenues which have been siphoned off to another economic path. The City of Chesterfield continues to have an unhealthy reliance on sales tax, with more than 50% of our revenues being derived from retail sales. As with any portfolio, a diversified mix of assets is critical to success and to surviving any market segment fluctuations.

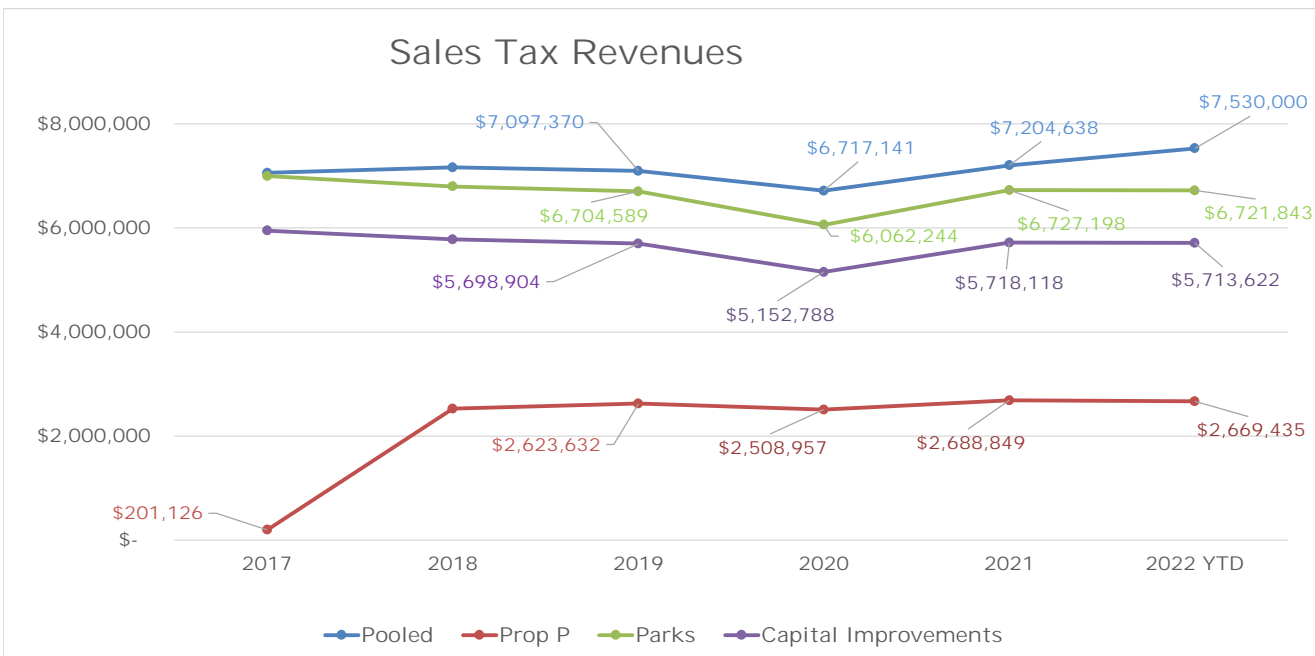

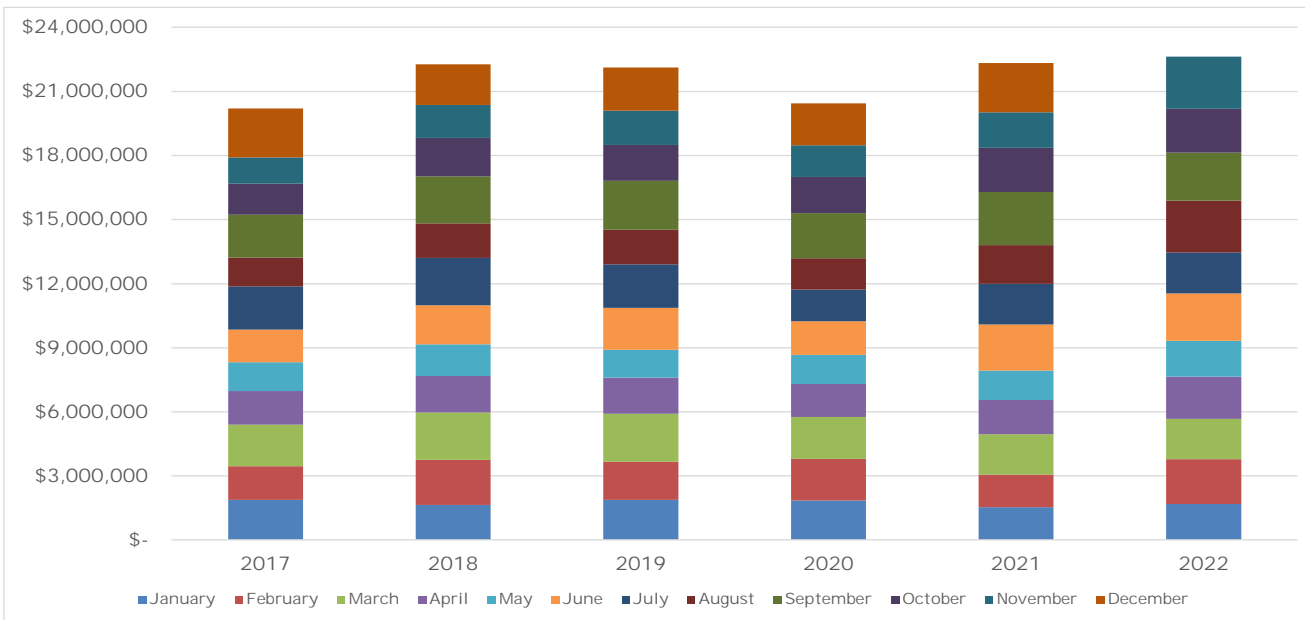

Finally, it is important to remind you that while we are reporting these revenues on a cash basis in November 2022, for financial reporting purposes revenues received in January and February are accrued back to 2021 fiscal year in the Annual Comprehensive Financial Report.

The following schedules are attached for your convenience and reference:

- Fund Statements – General, Public Safety, Parks and Capital
