RE: Financial Update

---

The following is a brief update of City finances through July 14, 2023.

This financial update is being reported on a cash basis. Although the City's revenue comes from a variety of sources, the dominant source is sales tax and there is generally a two-month lag between the "sale" and the "receipt". Therefore, the revenues the City received in the month of July which are reflected in this report and analysis as July 2023, are generally reflective of consumer spending which occurred in May 2023. However, the receipts are significantly influenced by the timing of retailer reports and the deadline requirements established by the Missouri Department of Revenue.

The monthly budget proportions are estimated based on an estimated pro-rata share of the annual budget figure, taking into account the prior five-year monthly average; however, the receipts are heavily dependent on actual reporting practices of retailers. Therefore, you should not rely on any individual month's receipts in an analysis as history demonstrates that these monthly values are volatile and heavily impacted by the timing of reporting. Any analysis of our revenue reporting must be tempered with this understanding.

The sales tax receipts received in July for all funds are **below** 2023 budget expectations by an average of 3.49% (\$71k) on a cash basis. As you may recall, in June we were 20.31% above budget. This is another example of the month-to-month fluctuations in sales tax reporting. Sales tax receipts for all funds year to date exceed 2023 budget expectations by an average of 9.69% (\$1,308k) and higher than 2022 actual year to date revenues by an average of 9.96% (\$1,341k) on a cash basis.

Due to inflation, **retail prices have increased resulting in an increase in sales tax revenues. It is important to point out that current revenues would need to be at least 20% higher than pre-pandemic revenues to account for the inflation increase during the same time frame.** The 2022 receipts for all funds were \$2,773k (12.5%) higher than the 2019 sales tax receipts. Therefore, our sales tax revenues have not kept pace with inflation since the pandemic.

The Pooled Sales Tax receipts received in July 2023 were \$655,569, 3.18% (\$22k) **below** budget. We are ahead of the 2023 year to date budget expectations (\$367k), or 8.5% on a cash basis. The Pooled Sales tax collections for the General Fund were 11.79% (\$69k) higher than in July 2022, and ahead of 2022 actual year to date revenues by 10.75% (\$454k) on a cash basis.

2023 Public Safety year to date receipts (Prop P) of \$1,801,382 exceed 2023 budget expectations by 11.8% (\$190k) on the cash basis, and above 2022 actual revenues by 10.85% (\$176k).

In combination, the General Fund sales tax revenues (Pooled Sales tax and Public Safety Prop P revenues) exceed 2023 budget expectations by 9.4% (\$557k). The budgeted revenues were conservative, and we are ahead of 2022 actual revenues by 10.78% (\$630k). As mentioned previously, the timing and proportions of both the receipts and budget have proven to be inconsistent from year to year, and it appears 2023 will be no different.

Parks Sales tax collections for the year (\$4,500,175) are ahead of the 2023 budget by 9.88% (\$405k) and are above 2022 revenues by 9.33% (\$384k). The Capital Sales tax collections for 2023 (\$3,825,149) exceed the 2023 budget expectations by 9.98% (\$347k) and above 2022 revenues by 9.33% (\$326k). The same caveats discussed for the pooled revenues apply to these revenue sources.

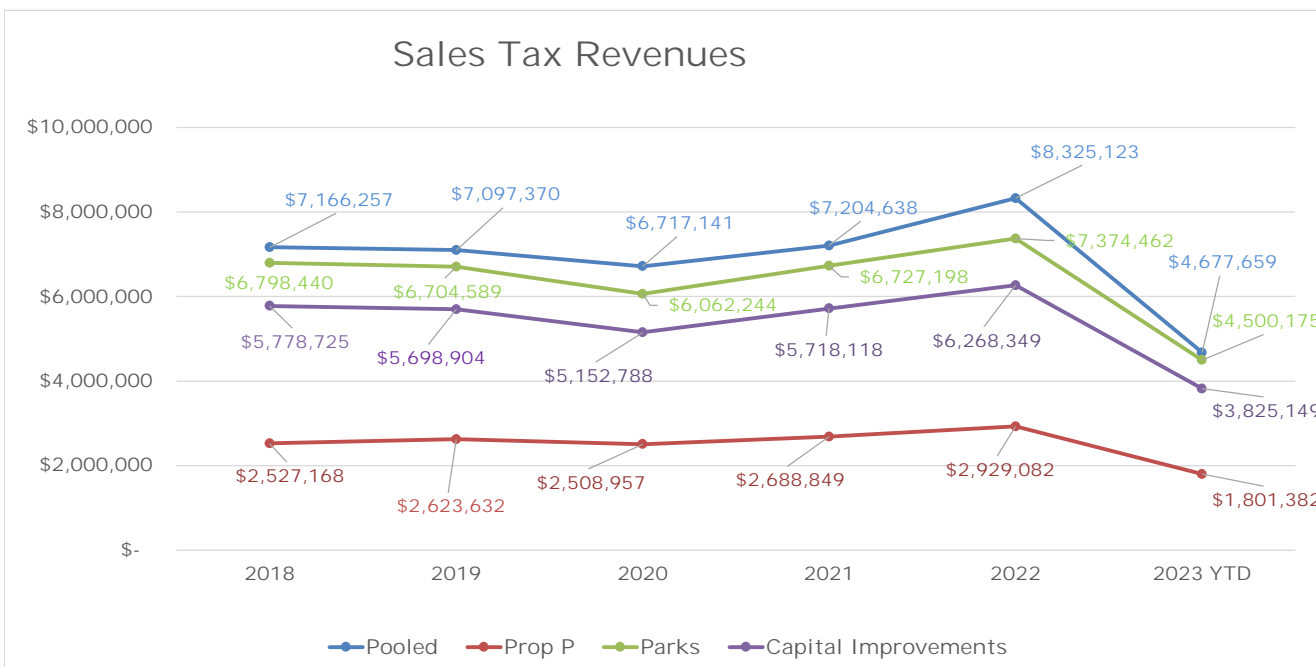

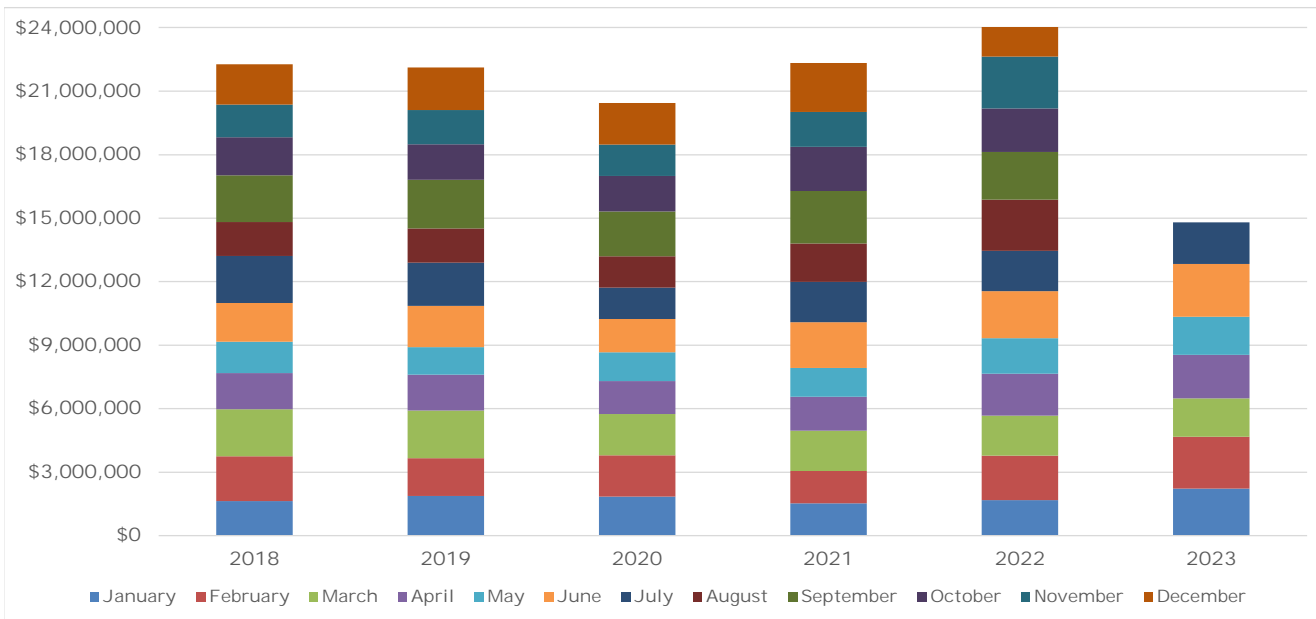

Finally, it is important to remind you that while we are reporting these revenues on a cash basis in July 2023, for financial reporting purposes revenues received in January and February are accrued back to 2022 fiscal year in the Annual Comprehensive Financial Report.
