MUNICIPAL ZONING APPROVAL APPLICATION (MZA)

The City of Chesterfield contracts with the St. Louis County Department of Public Works to provide permitting and inspection services. Review of plans, collection of fees, and issuance of permits are handled by the County. **However, before obtaining any permit, or beginning any construction project, zoning approval must be obtained from the City of Chesterfield.**

Zoning approval signifies that the property can be used as requested and that the location of a proposed structure is within the legal limits of the property lines as delineated by regulations contained within the City of Chesterfield Unified Development Code. **Be advised that the City of Chesterfield requires that Applicants notify adjacent property owners and subdivision trustees of any requests for exterior residential work (see page 2).** However, the City does not review or enforce private subdivision indentures. **Therefore, approval of an MZA does not mean that approval has been obtained by your subdivision trustees. Review and approval of work against subdivision indentures is a separate and private civil matter and Applicants are encouraged to follow up with their trustees regarding any subdivision indenture requirements.**

Petitioners may visit the County web site at <http://www.stlouisco.com/pubworks/> or contact the St. Louis County Department of Public Works at (314)615-7155 for submittal requirements, permitting information and a detailed list of work that does not require a building permit and/or zoning approval.

For questions about this application, please contact the “Planner of the Day” at (636)537-4733.
