

DEPARTMENT OF PLANNING

COMPREHENSIVE SIGN PACKAGE APPLICATION

The purpose of a comprehensive sign package is to provide complementary and unified signage throughout a single development or contiguous lots under common ownership. If a sign package exists for a multi-lot development or subdivision, then individual lots within that subdivision or development may not submit their own, separate sign package. In addition, developments of a certain size, quality, or mix of uses may require special signage consideration. Therefore, in order to encourage superior design, quality and character, comprehensive sign packages allow for specialized review of signs and flexibility from standard signage requirements.

Consideration of flexibility in sign criteria is based on a number of review factors including, but not limited to, the physical impact of the proposed comprehensive sign package, the quality of the proposed comprehensive sign package, and mitigation of unfavorable conditions such as excessive signs, light spillover from signs, height, and other related conditions and potentially negative impacts.

Prior to submitting an application to the Department of Planning, the Applicant is encouraged to schedule a pre-application meeting to discuss the proposal. To schedule a meeting, contact the Department at (636) 537-4748. For questions about this application, contact the “Planner of the Day” at (636)-537-4733.
