

# ARE YOU SAFE IN THE CAR?

Here are some smart steps  
to help you ride safely!

Help the driver:  
Play quietly in your seat.

Make sure the belts are  
snug and tight.

Ask everyone to "buckle up"  
before the car starts.

Always ride in back. Ride in the seat that fits you.

Stay buckled until the car is turned  
off AND the driver unbuckles.

If your safety seat is loose,  
tell your mom or dad.

Wear your harness clip  
level with your armpits.
